Length of Class

Timeframes for all CEP classes are approximate. Due to course content some classes will be longer than others.

Most CEP classes will end by 13:00.

Occasionally a class will last longer or end early.

You **MUST** be ON TIME and attend the entire class from start to finish.

AHA Block classes; BLS, ACLS, PALS, will last the required time set by the AHA. These are lengthy courses designed to cover classroom and skills. All personnel will attend the skills session. This gives an opportunity to refresh skills which may not be used on a regular basis and introduce new/ helpful techniques.

If you are not able to attend a CEP class you must submit a Training Exemption request prior to the class, and it must be approved by the Training Officer.

If you have an emergency and are not able to attend call as soon as practical.
