January 20, 2014

To the Chairman, Members of Beaufort County Council, And Citizens of Beaufort County Beaufort, South Carolina

Presented herein is the Comprehensive Annual Financial Report (CAFR) of Beaufort County, South Carolina for the fiscal year ended June 30, 2013. This report has been prepared by the County's Finance Department, and the responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the County. We believe the data, as presented, is accurate in all material aspects; that it is presented in a manner designed to fairly set forth the financial position and results of operations of the County as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain the maximum understanding of the County's financial affairs are included.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Cherry Bekaert, LLP, Certified Public Accountants, has issued an unqualified ("clean") opinion on the County's financial statements for the year ended June 30, 2013. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

PROFILE OF LOCAL GOVERNMENT

Beaufort County, which was formed in 1785, operates under the Council/Administrator form of government with Council members elected for four-year terms from each of the eleven single-member districts. This report includes all funds of Beaufort County that are controlled by this governing body, and are considered to be the "reporting entity" known as Beaufort County. The services provided by this reporting entity, and therefore reflected in this financial report, include, but are not limited to: General Government (general administrative services, tax assessment and collection, courts and criminal justice administration, economic development); Public Safety (law enforcement, detention center, emergency medical services, emergency management, building codes enforcement); Public Works (roads and drainage, engineering, solid waste); Public Health (animal control, mosquito control, alcohol and drug programs, disabilities and special needs programs, various subsidies); Public Welfare (veterans services, social services, various subsidies); and Cultural and Recreation (library, parks and leisure services).

In light of GASB Statement 14, The Financial Reporting Entity, the County has excluded the school district, the various public service districts, the fire districts, and the municipalities located within its boundaries as County Council does not exercise oversight responsibility, and accordingly each entity has sufficient discretion in the management of its own affairs. The County Treasurer does collect property taxes and other forms of revenue on behalf of these other political entities. The results of the fiduciary responsibility are reported on the combined financial statements as Agency Funds.

LOCAL ECONOMY

Beaufort County is located in the southeastern corner of the State of South Carolina, known as the "Lowcountry." With a land area of approximately 637 square miles, it is bordered to the south and east by the Atlantic Ocean, to the west by Jasper County, and to the north by Hampton and Colleton Counties. Beaufort County stretches nearly 30 miles along the Atlantic Ocean and includes 64 major islands and hundreds of small islands.

The County is one of the fastest growing areas in South Carolina, with a population of 164,684 in 2012, up from 86,425 in 1990. The County is a center for tourism, retirement and the associated services, and the military in South Carolina. The County has a balanced and very stable economy, created by a diversity of public and private employers, with the unemployment rate well below the national average, the statewide average, and that of the neighboring counties. The local tax base has grown an average of approximately 3% per year over the last five years (discounting the reassessment year).

In addition to the established resort community of Hilton Head Island, there are several major developments underway in southern Beaufort County. These developments include Sun City Hilton Head, with more than 15,000 residents expected at build-out; Spring Island, Callawassie Island, Colleton River Plantation, Belfair, and Westbury park. As expected, these developments have sparked an increase in commercial construction along the Highway 278 corridor, including a Home Depot, a Lowe's, a Wal-Mart Superstore, an expanded Factory Outlet Mall, a Target department store, and several major supermarkets.

Likewise, in northern Beaufort County, communities continue to develop at Dataw Island, Lady's Island, Cat Island, Bray's Island, and Habersham and throughout the City of Beaufort, as well as the Town of Port Royal.

Beaufort County is also the location for three major military installations, the U.S. Marine Corps Recruit Depot located at Parris Island, the Marine Corps Air Station-Beaufort, and the Beaufort Naval Hospital. These locations have benefited by the Department of Defense closing certain other military bases in the nation.

MAJOR INITIATIVES

Our number one goal is to make sure that Beaufort County remains financially sound and that we maintain a respectable contingency account to take care of the true emergencies that do arise from time to time; and to provide for a sufficient fund balance to enable our cash flow to carry us through those months prior to the billing and collection of property tax revenues. We have taken a systematic, businesslike approach to the running of Beaufort County. Additionally, we want to preserve our current "Aa1" Moody's and "AA+" Standard & Poor's bond ratings.

In December 1997, the County adopted a Comprehensive Plan for Beaufort County. A portion of this plan is a comprehensive land use study which proposes various "preservation areas and greenways". As a result, the County taxpayers approved three bond referendums totaling \$115,000,000 for the purchase of rural and critical lands. The County has issued the full \$115,000,000 approved by the referendums with the last issuance related to rural and critical lands occurring in May 2013 for \$25,000,000. The County had expenditures of \$17,556,966 for this initiative during fiscal year 2013.

In November 2004, County voters approved a 1% sales tax referendum, with the proceeds, along with County road impact fees, funding various major road projects throughout Beaufort County. These projects include the expansion of the Bluffton Parkway, creation of a second McTier bridge span and the widening of South Carolina Highway 170. The County had expenditures of \$9,872,539 for these projects during fiscal year 2013.

LONG-TERM FINANCIAL PLANNING

In December 2006, the County issued bonds for \$30,000,000 to "pay off" the County's Bond Anticipation Notes of \$25,000,000 and provide additional funds for the construction of the Bluffton Parkway Project. This parkway is an alternative route of US Highway 278 and is expected to significantly improve the traffic flow in Southern Beaufort County. The County had expenditures of \$5,556,329 for the entire Bluffton Parkway project during fiscal year 2013.

In August 2012, the County issued \$25,185,000 of General Obligation refunding bonds bearing interest rates of 2.0% to 5.0% and with varying maturity dates through 2025. The proceeds were used to advance refund \$27,050,000 of outstanding 2005 general obligation bonds which had interest rates ranging from 3.0% to 5.0%.

In October 2012, the County issued \$6,000,000 of general obligation bonds through the United States Department of Agriculture bearing an interest rate of 3.5% and with varying maturity dates through 2052. The proceeds of these bonds were used for the County's St. Helena Library project. The Beaufort County St. Helena Library was completed in October 2012. This project was funded by the above referenced bonds, a \$2.5 million United States Department of Agriculture grant and \$1.1 million of Beaufort County library impact fees.

In May 2013, the County issued \$7,580,000 of general obligation bonds bearing interest rates of 1.5% to 4.0% and with varying maturity dates through 2033. The proceeds of these bonds were used to pay off the related bond anticipation notes of \$2,500,000 and \$5,000,000 that were issued in May 2012 and October 2012, respectively.

In May 2013, the County issued \$25,000,000 of general obligation bonds bearing interest rates of 1.5% to 5.0% and with varying maturity dates through 2029. The proceeds of these bonds were used for the County's rural and critical land projects, as approved by referendum in November 2012. As of June 30, 2013, three referendums have approved a total of \$115,000,000 for rural and critical land purchases.

In May 2013, the County issued \$33,150,000 of general obligation refunding bonds bearing interest rates of 1.5% to 5.0% and with varying maturity dates through 2026. The proceeds were used to advance refund \$11,250,000 and \$21,900,000 of outstanding 2006 and 2006B general obligation bonds which had interest rates ranging from 3.5% to 8.0% and 4.0% to 6.75%, respectively.

RELEVANT FINANCIAL INFORMATION

The management of Beaufort County is responsible for developing and maintaining an internal control structure designed to ensure that the assets of the County are protected from loss, theft, or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The County's accounting system has given consideration to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets against loss from unauthorized use or disposition and the reliability of financial records for preparing financial statements and maintaining accountability for assets. This concept of reasonable assurance recognizes that the cost of control should not exceed the benefits likely to be derived and that the evaluation of costs and benefits requires estimates and judgments by management. Accordingly, management believes that the County's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Beaufort County, South Carolina for its comprehensive annual financial report for the fiscal year ended June 30, 2012. This was the fourth consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is only valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

State statues require an annual audit by independent certified public accountants or independent public accountants. The accounting firm of Cherry Bekeart, LLP was selected by County Council. In addition to meeting the requirements set forth in the statutes, the audit also was designed to meet the requirements of the Single Audit Act of 1996, and related OMB Circular A-133. The auditor's report on the financial statements is included in the financial section of this report. The auditor's reports, pertinent to the requirements of the Single Audit Act, are included in the Single Audit Section.

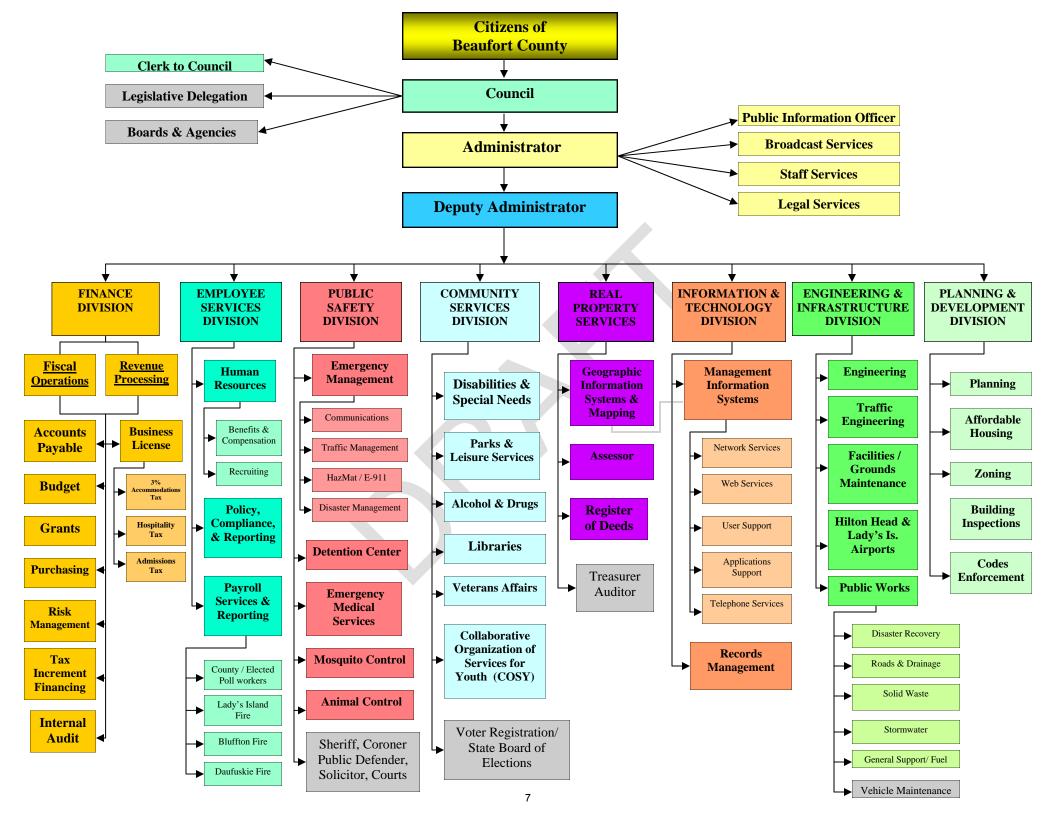

The preparation of this Comprehensive Annual Financial Report could not have been accomplished without the professional and dedicated services of the entire staff of the Finance Department throughout

the fiscal year. We sincerely appreciate the efforts of other department heads and their employees who contributed to this report.

Additionally, we would like to express our appreciation to the County Administrator and to County Council for their continued support and understanding of the benefits of professional financial operations and reporting.

Respectfully submitted,

Alicia A. Holland, CPA Chief Financial Officer

As management of Beaufort County, South Carolina (the County), we offer the readers of the County's financial statements this narrative overview and analysis of the financial activities of Beaufort County, South Carolina for the fiscal year ended June 30, 2013. We encourage the readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages 1 through 6 of this report.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of Beaufort County exceeded its liabilities and deferred inflows of resources at June 30, 2013 by \$344,847,538 (net position). Of this amount the unrestricted portion of net position, which may be used to meet the government's ongoing obligations to citizens and creditors, is \$3,911,974.
- The government's total net position increased by \$28,478,678 during the fiscal year ended June 30, 2013 with a \$28,158,614 increase resulting from governmental activities and a \$320,064 increase resulting from business type activities.
- At the close of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$134,071,046, a decrease of \$14,003,191 in comparison with the prior year. Approximately 15 percent, \$20,573,482 is available for spending at the government's discretion (unassigned fund balance).
- At the end of the current fiscal year, the County's unassigned fund balance of the general fund was \$20,207,988, or approximately 21 percent of the general fund expenditures and transfers.
- Beaufort County's net capital assets increased by \$25,116,884 during the current fiscal year. The increase in governmental
 activities net capital assets of \$25,380,152 was mostly the result of sales tax road project additions to infrastructure and construction
 in progress, purchases of property through the Real Property Purchase Program and the completion of the St. Helena Library
 construction project.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements – The *government-wide financial statements* are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the County's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *statement of activities* presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include general government, public safety, public works, public health, public welfare, and cultural and recreation. The business-type activities include the garage,

stormwater utility, the Lady's Island Airport, and the Hilton Head Island Airport. The business-type activities function for all practical purposes as departments of the County, and therefore have been included as integral parts of the primary government.

The government-wide financial statements can be found on pages 30 through 31 of this report.

Fund financial statements – A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of Beaufort County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows* and *outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, the County wide general obligation bonds fund, the New River Tax Increment Financing District (TIF) bonds fund, the Bluffton-County TIF bonds fund, the sales tax projects fund, and the real property program fund, all of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining* statements elsewhere in this report.

The County adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

The basic fund financial statements for governmental funds can be found on pages 32 through 36 of this report.

Proprietary funds – The County maintains four different types of proprietary funds, three of which are *enterprise funds*. Enterprise funds are used to report the same functions as *business-type activities* in the government-wide financial statements. The County uses enterprise funds to account for its stormwater utility, Lady's Island Airport, and Hilton Head Island Airport operations. These funds report the services provided by the County for which the County charges a user fee or charge intended to recover all or a significant portion of their costs.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for stormwater utility, Lady's Island Airport, and the Hilton Head Island Airport, all of which are considered to be major funds of the County.

Internal service funds are an accounting mechanism to accumulate and allocate costs internally for the County. The County uses internal service funds to account for its garage.

The basic proprietary fund financial statements can be found on pages 37 through 40 of this report.

Fiduciary funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for the fiduciary funds is much like that used for proprietary funds.

The statement of fiduciary net position can be found on page 41 of this report.

Notes to the financial statements – The notes provide additional information that is essential to a full understanding of the data provided in both the government-wide and the fund financial statements. The notes are presented on pages 42 through 70 of the report.

Other supplemental information – In addition to the basic financial statements and accompanying notes, this report also presents certain supplemental information that further supports the financial statements.

The combining statements referred to earlier in connection with nonmajor governmental funds are presented within this section of this report and can be found on pages 89 through 216.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of Beaufort County, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$344,847,538 as of June 30, 2013.

Of this amount, \$259,766,695 (approximately 75 percent) reflects the County's investment in capital assets (land, buildings and equipment); less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide a variety of services to citizens. Accordingly, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to repay the debt.

An additional \$81,168,869 of the County's net position (approximately 24 percent) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position is \$3,911,974.

At the end of the current fiscal year, Beaufort County is able to report positive balances in all three categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities, with the exception of unrestricted business-type activities' net position, which has a balance of (\$1,180,550).

Beaufort County's Net Position June 30, 2013 and 2012

	\$ 322,066,496	\$293,907,882	\$22,781,042	\$22,460,978	\$344,847,538	\$316,368,860	9.0%	

The County's total net position increased by \$28,478,678 during the 2013 fiscal year. Key elements of this increase are as follows:

- The County's current and other assets decreased by \$11.4 million as compared to fiscal year 2012. This decrease is mostly attributable to cash and investments decreasing by \$8 million and receivables decreasing by \$3.2 million.
- In fiscal year 2013, the County had \$5.6 million of deferred outflows of resources related to the advance refundings of several bonds. This was a \$5.6 million increase as compared to fiscal year 2012.
- The County's net capital assets increased by \$25.4 million as compared to fiscal year 2012. This increase occurred mostly from the County's \$9.7 million investment in infrastructure related to 1% sales tax referendum road projects, \$17.2 million in purchases of land through the County's rural and critical lands referendum program, a \$3.6 million investment in the County's St. Helena Library project, \$1.2 million in other road projects through the County's road improvement program and \$9.3 million investment in the County's Courthouse renovation project. See the capital assets and debt administration section below for more detail.
- The County's other liabilities increased by \$5.3 million as compared to fiscal year 2012. This increase is attributable to the increase in accounts payable in the amount of \$3.2 million and the increase in the current portion of long-term debt in the amount of \$3.1 million. Accrued payroll also decreased in the amount of \$.9 million as compared to fiscal year 2012.
- The County's long-term liabilities decreased by \$14.1 million. This decrease is due to bond principal being paid as well as the advance refundings of bonds.

Beaufort County's Changes in Net Position For the Fiscal Years Ended June 30, 2013 and 2012

Governmental activities increased the County's net position by \$28.2 million, thereby accounting for 99 percent of the total growth in the net position of the County. Key elements in fiscal year 2013's activity are as follows:

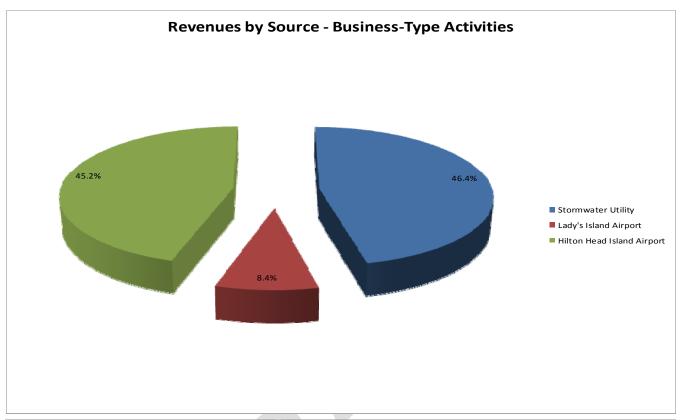

- Capital grants and contributions received by the County increased by \$10.9 million (or 452%) in fiscal year 2013 as compared to
 fiscal year 2012. This significant increase is attributed to a \$8.2 million increase in grants related to the South Carolina Highway 170
 Widening project and the Bluffton Parkway Phase 5A Segment 2 (Bluffton Parkway Flyover Bridge) project as well as a \$2.5 million
 increase in grants related to the USDA grant for the St. Helena Library.
- Charges for services revenues increased by approximately \$2.4 million (or 7.7%) as compared to the 2012 fiscal year. This increase is attributed to a \$.3 million increase in Register of Deeds fees, a \$.3 million increase in Emergency Medical Services Fees, a \$1.2 million increase in E-911 revenue and a \$.6 million increase in road impact fees in the 2013 fiscal year as compared to the 2012 fiscal year. These increases can be attributed to the ongoing recovery in the local economy and slightly increased consumer spending.
- Property tax revenues increased by \$1.2 million (or 1.3%) in fiscal year 2013 as compared to fiscal year 2012. This slight increase is attributable to the County's purchase of real property millage rate increase from 2.76 in fiscal year 2012 to 3.87 in fiscal year 2013.
- Increases in the fiscal year 2013 revenues detailed above were offset by a decrease in 1% sales tax revenue. In the 2013 fiscal year, sales tax revenues decreased by approximately \$15.4 million (or 50.7%) as compared to the 2012 fiscal year. This decrease is due to the 1% imposed sales tax ending effective October 1, 2012.
- Interest expense decreased by \$1.5 million (or 14.2%) in fiscal year 2013 as compared to fiscal year 2012. This decrease is mostly attributable to the advance refundings of several of the County's bonds.
- County public works expenses increased by nearly \$3.5 million (or 17.3%) in fiscal year 2013 as compared to fiscal year 2012. \$1.6 million of this increase is attributed to County road improvement projects. \$.6 million of this increase is due to an increase in the County's public works operating expenses and a \$.2 million increase in capital equipment purchases. \$.6 million of the increase is due to increased depreciation attributed to public works assets.
- County public safety expenses increased by \$1.2 million (or 2.4%) in fiscal year 2013 as compared to fiscal year 2012. The increase resulted mostly from a \$.7 million increase in other post-employment benefit expense and a \$.5 million increase in operating expenses.
- Other increases in fiscal year 2013 County expenses include a \$2.2 million (or 15.9%) increase in Cultural and Recreation expenses and a \$.5 million (or 1.6%) increase in General Government expenses as compared to fiscal year 2012. Most of the increase in Cultural and Recreation expenses are related to library supplies and materials for the St. Helena Library.

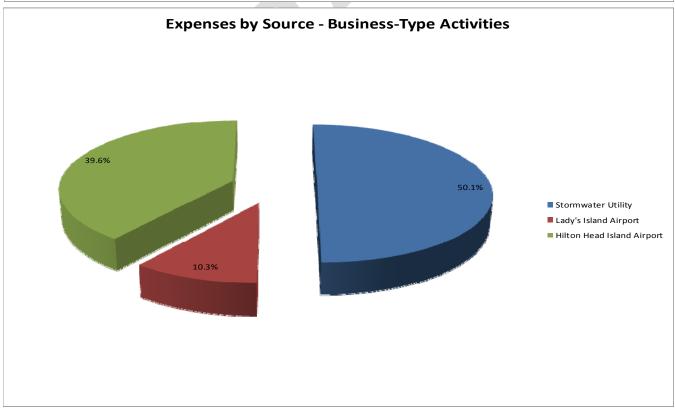

Business-type activities increased the County's net position by \$.3 million, accounting for 1 percent of the total growth in the net position of the County. Key elements of this increase are as follows:

- The Hilton Head Island Airport's revenues decreased \$.1 million in fiscal year 2013, as compared to fiscal year 2012. This net decrease is a result of a \$.3 million increase in operating revenues due to the increase in fuel commission and passenger facility charges and a \$.4 million decrease in grant revenues.
- The decrease in the Hilton Head Island Airport's revenues was offset by a \$.6 million decrease in non-capitalized grant expenses in fiscal year 2013 as compared to fiscal year 2012.
- In fiscal year 2013, the Stormwater Utility's revenues decreased by \$55 thousand as compared to fiscal year 2012. The Stormwater Utility's expenses also increased by \$121 thousand in fiscal year 2013 as compared to fiscal year 2012.
- The Lady's Island Airport's revenues decreased \$86 thousand in fiscal year 2013, as compared to fiscal year 2012. The Lady's Island Airport expenses increased in fiscal year 2013 by \$1 thousand as compared to fiscal year 2012.

FINANCIAL ANALYSIS OF THE GOVERNMENTAL FUNDS

As noted earlier, Beaufort County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds – The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, *unreserved fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$134,071,046, a decrease of \$14,003,191, in comparison with the prior year. Approximately 15 percent of this total fund balance (\$20,573,482) constitutes *unassigned fund balance*, which is available for spending at the government's discretion. The remainder of the fund balance totaling \$113,497,564 is either nonspendable, restricted, committed, or assigned for specific spending. This includes \$3,261,058 "not in spendable form" for items that are not expected to be converted to cash within one year, such as prepaid items and long-term notes receivable. The remainder includes \$110,236,506 restricted, committed, or assigned for programs.

General Fund – The general fund is the main operating fund of the County. At the end of the current fiscal year, the unassigned portion of the fund balance of the general fund was \$20,207,988, while the total fund balance was \$24,221,269. As a measure of the general fund's liquidity, a comparison is made of both unreserved fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents approximately 21 percent of total general fund expenditures and transfers out, while the total fund balance represents approximately 25 percent of total general fund expenditures. Refer to pages 23 to 26 for the key elements of fiscal year 2013's general fund activity.

County Wide General Obligation Bonds Fund – At the end of the current fiscal year, the total fund balance of the county wide general obligation bonds fund was \$8,880,165. \$1,105,714 (or 12%) of the county wide general obligation bonds fund balance is nonspendable, as it consists of the long-term portion of a note receivable. The remaining \$7,774,451 (or 88%) of the county wide general obligation bonds fund balance is restricted for debt service. This fund recognized revenues of \$8,205,885, total expenditures of \$22,245,093, and \$18,625,087 in other financing sources, for a net change in fund balance of \$4,585,879. The county wide general obligation bonds fund balance experienced the \$4.6 million increase in fund balance mostly due to advance refundings of 2005 and 2006 general obligation bonds. The County has a debt fund balance policy requiring millage to be set at annual required debt service levels.

New River TIF Bonds Fund – At the end of the current fiscal year, the total fund balance of the New River TIF bonds fund was \$0. The New River TIF bonds fund recognized revenues of \$6,673,517 and expenditures of \$37,636,175 and \$520,912 in other financing sources, for a net change in fund balance of (\$30,441,746). The New River TIF bonds were retired during fiscal year 2013.

Bluffton - County TIF Bonds Fund – At the end of the current fiscal year, the total fund balance of the Bluffton - County TIF bonds fund was \$1,899,956, all of which was restricted for debt service. The Bluffton – County TIF bonds fund recognized revenues of \$757,224, expenditures of \$21,246,406, and \$7,816,239, in other financing sources for a net change in fund balance of (\$12,672,943). The Bluffton – County TIF bond was partially retired during fiscal year 2013.

Sales Tax Projects Fund – At the end of the current fiscal year, the total fund balance of the sales tax projects fund was \$41,322,014, all of which was restricted for capital projects. The sales tax projects fund recognized revenues of \$23,357,706, total expenditures of \$9,872,539, for a net change in fund balance of \$13,485,167. Expenditures within the program slowed slightly within the 2013 fiscal year as compared to the 2012 fiscal year, as the County completed several projects and was in the beginning phases of several other projects within fiscal year 2013. As sales tax collections for this project ceased during fiscal year 2013, as the intended referendum sales tax collection amount was fully collected, this fund balance will be spent in upcoming years.

Real Property Program Fund – At the end of the current fiscal year, the total fund balance of the real property program fund was \$18,850,457, all of which was restricted for capital projects. The real property program fund recognized revenues of \$37,003, total expenditures of \$17,556,967, and \$25,000,000 in other financing sources, for a net change in fund balance of \$7,480,036. This planned increase in fund balance of \$7.5 million is solely related to the County's land preservation program that is funded by bond borrowings authorized by three voter referendums totaling \$115 million. The County borrowed the last \$25 million of the \$115 million authorized from the three referendums in the 2013 fiscal year.

Details of the County's governmental funds are shown in the government-wide financial statements. Further details of the County's major funds are shown on Schedule "A" and further details of the County's nonmajor governmental funds are shown on Schedules "B", "C", "D" and "E".

Proprietary funds – The focus of the County's proprietary funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County proprietary funds' financing requirements. As restrictions, commitments, and other limitations on net position significantly affect the availability of fund resources for future use, unreserved net position may serve as a useful measure of a government's proprietary net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the County's proprietary funds reported combined ending net position of \$22,781,042, which is an increase of \$320,064 in comparison with the prior year.

Stormwater Utility – At the end of the current fiscal year, the net position of the stormwater utility fund was \$2,642,660, of which \$891,039 was invested in capital assets, net of related debt, leaving a balance of \$1,751,621 in unrestricted net position. The stormwater utility fund recognized operating revenues of \$3,155,000, total operating expenses of \$3,246,022, and \$36 in net non-operating revenues, for a change in net position of (\$90,986). The 3% decrease in the stormwater utility fund balance in the 2013 fiscal year was mostly the result of increased expenses within the Stormwater Utility in fiscal year 2013 compared to fiscal year 2012.

Lady's Island Airport – At the end of the current fiscal year, the net position of the Lady's Island Airport fund was \$3,678,166, of which \$3,981,325 was invested in capital assets, net of related debt, leaving a deficit balance of \$303,159 in unrestricted net position. The Lady's Island Airport recognized operating revenues of \$560,766, total operating expenses of \$619,431, and \$38,701 in net non-operating expenses, for a change in net position of (\$97,366). The relatively flat performance of the Lady's Island Airport fund in the 2013 fiscal year was mostly the result of light Federal Aviation Administration (FAA) revenues of \$8,936 for mostly non-operating (non-capitalized) grant expenses, which mostly consisted of tree mitigation projects around the airport.

Hilton Head Island Airport – At the end of the current fiscal year, the net position of the Hilton Head Island Airport fund was \$16,460,216, of which \$19,089,228 was invested in capital assets, net of related debt, leaving a deficit balance of \$2,629,012 in unrestricted net position. The Hilton Head Island Airport recognized operating revenues of \$1,905,850, total operating expenses of \$1,980,199, and \$582,765 in net non-operating revenues, for a change in net position of \$508,416. The increase in net position within the Hilton Head Island Airport fund in the 2013 fiscal year was mostly the result of the increased fuel commission and passenger facility charges. The increase is also due to the Federal Aviation Administration (FAA) revenue for non-operating (capitalized) grant expenses.

GENERAL FUND BUDGETARY HIGHLIGHTS

Original Budget to Final Budget Comparison for the Fiscal Year Ended June 30, 2013

			Variance with
			Final Budget

. and Dataneo Dogiming	22,072,000	22,072,000	
Fund Balance - ending	\$ 22,342,008	\$21,889,191	\$ (452,817)

The general fund original budget's net position varied from its final budget's net position by nearly \$453 thousand. This variation is due to three ordinances established during fiscal year 2013 that appropriated \$150 thousand each to the Daufuskie Ferry and Public Defender and \$153 thousand to the Solicitor. Key elements of the budget amendments are as follows:

- There were decreasing budget revisions totaling \$.3 million to the County's general fund revenues. The decreasing budget revisions relate to decreased state grant revenue and miscellaneous revenue. Miscellaneous revenue consists of rental income, sale of county property and sale of recyclables.
- General fund expenditures appropriations were increased by \$76 thousand.
- General fund other financing sources appropriations increased by \$32 thousand. Transfers in and out appropriations were both increased \$.4 million. Appropriations for transfers in were mostly increased due to special revenue funds transferring money to the general fund. The transfers out budget revisions are related to the three ordinances discussed above.

Final Budget to Actual Comparison for the Fiscal Year Ended June 30, 2013

	F	inal Budget	Actual	Fi	riance w ith nal Budget ve (Negative)

Fund Balance - beginning		22,342,008	 22,342,008		
Fund Balance - ending	\$	21,889,191	\$ 24,221,269	\$	2,332,078

The actual net position of the County's general fund varied from its final budget's net position by \$2.3 million. Key elements of this are as follows:

- The County's general fund actual revenues had a positive variance of \$1 million as compared to the final budget of fiscal year 2013. In addition, the County's general fund actual expenditures had a positive variance of \$2 million as compared to the final budget of fiscal year 2013.
- While the County's revenues and expenditures had positive variances, the actual other financing uses had a negative variance of \$.7 million as compared to final budget for fiscal year 2013.
- The majority of the positive variance within the County's general fund expenditures from the final budget is due to decreased personnel expenditures which were the result of not filling many vacated positions throughout the 2013 fiscal year.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets – Beaufort County's investment in capital assets for its governmental and business-type activities as of June 30, 2013 was \$474,203,172 (net of accumulated depreciation). This investment in capital assets includes land and easements, buildings and improvements, infrastructure, and equipment. The total increase in the County's investment in capital assets for the current fiscal year was 6 percent (in which governmental activities capital assets increased by 6 percent and business-type activities capital assets increased by less than 1 percent).

In lieu of annual depreciation, the County has elected to use the modified approach for its airport infrastructure assets, which include runways, taxiways, and aprons. As of June 30, 2013, 100 percent of airport infrastructure assets were in a fair or better condition.

Additional information on the County's modified approach for airport infrastructure assets can be found on Schedule 2 on page 72 of this report.

Major capital asset events during the current fiscal year included the following:

- The County added \$9.7 million in governmental activities infrastructure and construction in progress related to 1% sales tax referendum road projects.
- An additional \$3.6 million was added to governmental activities' construction in progress related to the ongoing St. Helena Library construction project. This project was completed and capitalized in fiscal year 2013.
- The County purchased approximately \$17.2 million in governmental activities land and easements for the County's rural and critical lands program during the 2013 fiscal year.
- \$1.2 million in additional County road improvement program governmental activities projects were started and/or completed in fiscal year 2013.
- Net proprietary asset additions of \$.9 million, consists of land acquisition by the Hilton Head Island Airport as well as the beginning
 of the terminal improvements and drainage improvements. Additionally, the Stormwater Utility purchased equipment totaling \$120
 thousand. These additions were offset by depreciation totaling \$.9 million.

Additional information on the County's capital assets can be found in note 4 on pages 51 through 52 of this report.

Long-Term Debt – At the end of the current fiscal year, Beaufort County had \$247,123,541 of total long-term debt outstanding. The total amount of debt is backed by the full faith and credit of the government.

Beaufort County's Outstanding Debt June 30, 2013 and 2012

	Governmental Activities		
	2013	2012	
General Obligation Bonds	\$219,235,000	\$190,915,000	
Bond Anticipation Notes	-	2,500,000	
TIF Revenue Bonds	5,685,000	56,910,000	
Premiums	5,627,155	-	
Discount	16,576,386	7,509,598	
Total Outstanding Debt	\$247,123,541	\$257,834,598	

Major outstanding debt events during the current fiscal year included the following:

- In August 2012, the County issued \$25,185,000 of General Obligation refunding bonds bearing interest rates of 2.0% to 5.0% and with varying maturity dates through 2025. The proceeds were used to advance refund \$27,050,000 of outstanding 2005 general obligation bonds which had interest rates ranging from 3.0% to 5.0%.
- In October 2012, the County issued \$6,000,000 of general obligation bonds through the United States Department of Agriculture bearing an interest rate of 3.5% and with varying maturity dates through 2052. The proceeds of these bonds were used for the County's St. Helena Library project.
- In May 2013, the County issued \$7,580,000 of general obligation bonds bearing interest rates of 1.5% to 4.0% and with varying maturity dates through 2033. The proceeds of these bonds were used to pay off the related bond anticipation notes of \$2,500,000 and \$5,000,000 that were issued in May 2012 and October 2012, respectively.
- In May 2013, the County issued \$25,000,000 of general obligation bonds bearing interest rates of 1.5% to 5.0% and with varying maturity dates through 2029. The proceeds of these bonds were used for the County's rural and critical land projects, as approved by referendum in November 2012.
- In May 2013, the County issued \$33,150,000 of general obligation refunding bonds bearing interest rates of 1.5% to 5.0% and with varying maturity dates through 2026. The proceeds were used to advance refund \$11,250,000 and \$21,900,000 of outstanding 2006 and 2006B general obligation bonds which had interest rates ranging from 3.5% to 8.0% and 4.0% to 6.75%, respectively.
- There was \$72,805,000 in debt service principal paid during the fiscal year ended June 30, 2013.

The County maintains an underlying, uninsured "AA+" bond rating from Standard & Poor's Rating Group for all of its general obligation bonds, an underlying, uninsured "Aa1" bond rating from Moody's Investors Service for all of its general obligation bonds, and an underlying, uninsured "AA" bond rating from Fitch for its 2003 through 2007B general obligations bonds. Additionally the County maintains an underlying, uninsured "A+" bond rating for its TIF revenue bonds from Standard & Poor's Rating Group.

State statutes limit the amount of general obligation debt a governmental entity may issue to 8 percent of its total assessed valuation less debt issued by referendum and debt issued and paid by other sources. The current debt limitation for the County is \$145,975,855. Beaufort County was \$50,943,965 under this legal limit at June 30, 2013.

Additional information on the County's long-term debt can be found in note 5 on pages 53 through 59 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

- The unemployment rate for Beaufort County was 7.9 percent at June 30, 2013, which is lower than the rate of 8.8 percent a year ago. This compares favorably with the State of South Carolina's average unemployment rate of 8.1 percent at June 30, 2013 and compares unfavorably to the national average unemployment rate of 7.6 percent at June 30, 2013.
- The housing market downturn continued to affect the County during the 2013 fiscal year, however the downturn in the County was much less severe than in other areas around the country.
- The cost of living in this region still compares favorably to other areas of the country.

All of these factors were considered in preparing Beaufort County's budget for the 2013 fiscal year.

As of June 30, 2013, the County's unassigned general fund balance was \$20,207,988. Three ordinances passed during fiscal year 2013 appropriated \$453 thousand of the County's general fund balance to be expended. Due to the County's reduction in operating expenditures there was an increase to the County's general fund balance in the amount of \$1,879,261 during fiscal year 2013.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of Beaufort County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Finance Department, Post Office Box 1228, Beaufort, SC 29901-1228.

BEAUFORT COUNTY, SOUTH CAROLINA RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION June 30, 2013

Amounts reported for governmental activities in the statement of Net Position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in governmental funds (\$450,241,580 less internal service fund balance of \$127,908).

Other long-term assets are not available to pay for current period expenditures and, therefore, are reported as deferred in governmental funds - property taxes.

1,968,360

Deferred losses on refundings of debt

5,627,154

Internal service funds are used by management to charge the costs of fleet services to individual funds. The assets and liabilities of the internal service fund are included in governmental activities in the statement of Net Position.

Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in governmental funds.

Accrued Interest Payable (1,531,170)
Current Portion of Long Term Debt (16,705,411)
Accrued Compensated Absences (3,111,799)
Net Other Post Employment Benefits Obligation (\$23,606,469 less internal service fund balance of \$5,019)
Long-term obligations (224,790,976)

BEAUFORT COUNTY, SOUTH CAROLINA RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

For the Year Ended June 30, 2013

Amounts reported for governmental activities in the statement of activities (Exhibit 2) are different because:

Net Change in Fund Balances - Governmental Funds (Exhibit 4)	\$ (14,003,191)	
Governmental funds report capital outlays as expenditures. However, in the statement of activities,		
the cost of those assets are allocated over their estimated useful lives and reported as depreciation		
expense. This is the amount by which capital outlay excluded depreciation in the curent period.		
Capital Outlay	43,374,942	
Depreciation (\$17,903,529 less \$28,233 internal service fund depreciation)	(17,875,296)	
In the statement of activities, the loss on disposal of capital assets is reported. Conversely,		
governmental funds do not report any gain or loss on disposal of capital assets.		
Net Book Value of Capital Assets Disposed	(125,089)	
Because some property taxes will not be collected for several months after the County's fiscal		
year ends, they are not considered "available" revenues in the governmental funds		
Increase in Deferred Property Taxes	33,303	
The issuance of long-term debt (bonds, leases) provides current financial resources to governmental		
funds, while the repayment of the principal of long-term debt consumes the current financial		
resources of governmental funds. Neither transactions has any affect on net position. Also,		
governmental funds report the effect of premiums, discounts, and similar items when debt is first		
issued, whereas these amounts are deferred and amortized in the statement of activities. This		
amount is net of the effect of these differences in the treatment of long-term debt and related items.	21,864,291	
Issuance of Long-Term Bonds and Bond Anticipation Notes		(49,265,000)
Bond Principal Payments		72,805,000
Issuance of Long-Term Bonds to Refinance 2005 and 2006 Bonds		(58,335,000)
Defeased Bonds in Bond Refinance of 2005 and 2006 Bonds		65,909,303
Addition of Bond Premiums on Long-Term Bonds and Bond Anticipation Notes		(11,525,901)
Amortization of Bond Premiums and Discount		1,411,784
Addition of Deferred Loss on Advance Refundings		1,067,851
Amortization of Deferred Loss on Advance Refundings		(203,746)
Some expenses reported in the statement of activities do not require the use of current financial		
resources and, therefore, are not reported as expenditures in governmental funds		
Decrease in Accrued Interest	148,841	
Increase in Accrued Compensated Absences	(90,123)	
Increase in Other Post Employment Benefit Cost	(5,103,885)	
The net revenue (expense) of certain activities of internal service funds reported with governmental activities	(65,179)	

The accompanying notes are an integral part of these financial statements.

Change in Net Position of Governmental Activities

1. <u>Summary of Significant Accounting Policies</u>

The financial statements of Beaufort County, South Carolina, have been prepared in conformity with accounting principles (GAAP) generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The County also applies Financial Accounting Standards Board (FASB) statement and interpretations issued on or before November 30, 1989 to its governmental and business-type activities and to its proprietary funds provided they do not conflict with or contradict GASB pronouncements. The more significant of the government's accounting policies are described below.

Reporting Entity

Beaufort County operates under the Council/Administrator form of government with Council members elected for four-year terms from each of the eleven single-member districts. This report includes all funds of Beaufort County that are controlled by this governing body, and are considered to be the "reporting entity" known as Beaufort County.

Government-Wide Financial Statements

The statement of net position and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. For the most part, the effect of interfund activity has been removed from the statements. The statements distinguish between those activities of the County that are governmental and those that are considered business-type activities.

The statement of net position presents the financial condition of the governmental and business-type activities for the County at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities and for the business-type activities of the County. Direct expenses are those that are specifically associated with a service, program, or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient for the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the County.

Fund Financial Statements

During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as is the proprietary fund. The fiduciary fund financial statements are reported using no measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

For the Year Ended June 30, 2013

1. <u>Summary of Significant Accounting Policies – Continued:</u>

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The government reports the following major governmental funds:

The *general fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The county wide general obligation bond fund accounts for the expenditures of the bond proceeds of the bonds issued for various capital projects throughout the County.

The New River Tax Incremental Financing District (TIF) bonds fund accounts for the expenditure of the bond proceeds of the bonds issued for the improvements within the TIF district. These improvements include the new river campus for the University of South Carolina-Beaufort and the south campus for the Technical College of the Lowcountry.

The Bluffton County TIF bonds fund accounts for the expenditure of the bond proceeds of the bonds issued for the improvements within the TIF district. These improvements included various projects within the Town of Bluffton, which included the Beaufort County Library System's Bluffton branch.

The sales tax projects fund accounts for the expenditure of the 1% local sales tax referendum proceeds which are used for various capital projects throughout the County.

The real property purchase program fund accounts for the expenditure of bond proceeds of the bonds issued for the purchase of rural and critical lands within the County.

The County reports the following major enterprise funds:

The stormwater utility fund accounts for the activities of the County's stormwater utility operations.

The Lady's Island Airport fund accounts for the activities of the County's airport operations on Lady's Island.

The Hilton Head Island Airport fund accounts for the activities of the airport's operations on Hilton Head Island.

The County reports the following internal service fund:

The garage fund accounts for the activities of the County's garage operations.

For the Year Ended June 30, 2013

1. <u>Summary of Significant Accounting Policies – Continued:</u>

Additionally, the government reports the following fund types:

Special Revenue Funds

The special revenue funds are used to account for the proceeds of specific revenue sources (other than special assessments, or major capital projects) that are legally restricted or committed to expenditures for specified purposes other than debt service and capital projects.

Debt Service Funds

Debt service funds are used to account for the accumulation of restricted resources for, and the payment of, general long-term debt principal and interest.

Capital Projects Funds

Capital projects funds are used to account for financial restricted resources to be used for the acquisition or construction of major capital facilities.

Agency Funds

The agency funds account for monies held on behalf of school districts, special districts, and other agencies that use the County as a depository or property taxes are collected on behalf of the other governments. These funds are custodial in nature and do not involve measurement of results of operations.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the government's garage function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amount reported as *program revenues* include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County enterprise fund are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

For the Year Ended June 30, 2013

Summary of Significant Accounting Policies – Continued:

Net Position - Net position represents the difference between assets, liabilities and deferred inflows/outflows of resources. Net position invested in net capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition construction or improvements of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restriction imposed by creditors, grantors, laws, or regulations of other governments. Net position invested in net capital assets was as follows:

	(Governmental	Bu	siness Type
Net Capital Assets	\$	450,241,580	\$	23,961,592
Less: Current Portion of Long Term Debt		(16,705,411)		-
Long-Term Obligations		(230,418,130)		-
Add Unspent Bond Proceeds: Real Property Program		18,850,457		-
Capital Projects Funds		8,209,453		-
	\$	230,177,949	\$	23,961,592

Deferred outflows/inflows of resources – In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The government only has one item that qualifies for reporting in this category. It is the deferred charge on refunding reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has only one type of item, which arises only under a modified accrual basis of accounting, that qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from two sources: property taxes and special assessments. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

Net position flow assumption - Sometimes the County will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

<u>Cash and cash equivalents</u> – The County's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Equity in Pooled Cash and Investments - The County maintains a pooled cash and investment account for all funds for accounting and investment purposes. This gives the County the ability to invest idle cash for short periods of time and to earn the most favorable available rate of return. The "equity in pooled cash and investments" represents the amount of pooled cash and investments owned by each fund of the County. Certain individual funds may reflect a cash deficit, from time to time. These cash deficits are not considered an equity transfer since the transfer has not been approved by County Council and is considered to be temporary in nature.

<u>Investments</u> - Investments consist of certificates of deposit and repurchase agreements. With the majority of the County's investments maturing in less than 1 year, all investments are recorded at cost, which approximates fair value.

For the Year Ended June 30, 2013

1. <u>Summary of Significant Accounting Policies – Continued:</u>

Receivables - All receivables are reported at their gross value and when appropriate, are reduced by the estimated portion that is

uncollectible.

Inventories - Inventories consist of fuels and supplies (enterprise funds) and are stated at the lower of "first-in, first-out" cost or

market.

Capital Assets - Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or

estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and

other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and

maintenance are expensed as incurred. Depreciation on all assets is calculated on the straight-line basis starting in the month of

purchase/completion over the following estimated useful lives:

Buildings

25 Years

Improvements

25 Years

Infrastructure

25 Years

Equipment

5 - 10 Years

In lieu of annual depreciation, the County has elected to use the "modified approach" for its infrastructure assets within its Hilton

Head Island Airport and its Lady's Island Airport, which consists of reporting as required supplemental information (RSI) the current

assessed condition of the assets pursuant to its runway, taxiway, and apron management system and the estimated annual

amounts to maintain and preserve such assets along with actual amounts expensed during the period.

Long-Term Obligations - In the government-wide financial statements and proprietary funds financial statements, long-term debt

and other long-term obligations are reported as liabilities in the applicable government activities, business-type activities, or

proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds

using the effective interest method.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The

County has elected to early implement GASB 65 in regards to expending its bond costs when incurred. The face amount of debt

issued is reported as bond proceeds. Premiums received on debt issuances are reported as interest on investments while

discounts and issuance costs are reported as interest and fees expenditures.

Compensated Absences - The County accrues compensated absences and associated employee-related costs when earned by the

employee. The general fund is used to liquidate the liability for non-proprietary fund accrued compensated absences.

<u>Due to and from Other Funds/Internal Balances</u> – Interfund receivables and payables in the fund financial statements and internal

balances in the government-wide financial statements arise from interfund transactions and are recorded by all funds affected in the

period in which transactions are executed. As a general rule, the effect of interfund activity has been eliminated from the

government-wide financial statements.

Revenues - Substantially all governmental fund revenues are accrued. Property taxes are billed and collected within the same

period in which the taxes are levied.

Expenditures – Expenditures are recognized when the related fund liability is incurred.

46

For the Year Ended June 30, 2013

1. <u>Summary of Significant Accounting Policies – Continued:</u>

<u>Use of Estimates</u> – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the County's financial position and results of operations and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

<u>Budgets and Budgetary Accounting</u> - The County uses GAAP as the basis for its budgeting and uses the following procedures in establishing the budgetary data reflected in the financial statements:

- (1) The County Administrator submits to County Council, prior to June 1, proposed operating, special revenue, debt service, and capital improvement (CIP) budgets for the fiscal year commencing July 1. The operating, special revenue, debt service, and CIP budgets include proposed expenditures, revenues, and financing sources.
- (2) The Council requires such changes to be made as it deems necessary, provided the budget remains in balance and is subject to the notice of hearing requirements of Section 4-9-140 of the South Carolina Statutes.
- Public hearings are held pursuant to Section 4-9-140 of the South Carolina Statutes in order for the Council to adopt the tentative and final budget.
- (4) Prior to July 1, the operating, special revenue, debt service and CIP budgets are legally enacted through passage of an ordinance setting forth anticipated revenues and appropriations by fund.
- (5) The County Administrator or his designee is authorized to transfer funds among operating accounts or among capital accounts within a department. All transfers over \$10,000 between departments and programs or between operating and capital accounts must be authorized by the Council in accordance with Section 4-9-140 of the South Carolina Statutes. In accordance with County Ordinance #2006/14, Section 12, amounts of \$10,000 or less can be approved by the Council Chairman and/or Council Finance Committee Chairman; transfers of \$5,000 or less can be approved by the County Administrator and/or his designee.
- (6) Formal budgetary integration is employed as a measurement control device for all governmental funds of the County. The legal level of budgetary control (i.e. the level at which expenditures may not legally exceed appropriations) is the department level. The County has legally adopted budgets for all funds with the exception of the following: Clerk of Court Discretionary, Sheriff's Restricted Drug Award Trust, Gift Store Program, Sheldon Rehabilitation Project, Library Trust, Library Special Trust, and the DSN Community Support Waiver funds.
- (7) Budgets for the governmental fund types are adopted on a basis consistent with generally accepted accounting principles.
- (8) Revenues in excess of the current budget ordinance may be expended as directed by the revenue source or for the purpose for which the funds were generated without further approval by County Council, as per Section 14 of County Ordinance #2006/14.
- (9) These financial statements have not been updated for subsequent events occurring after October 25, 2012, which is the date these financial statements were available to be issued.

For the Year Ended June 30, 2013

2. <u>Cash and Equity in Pooled Cash and Investments</u>

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned. The County does not have a deposit policy for custodial credit risk. At June 30, 2013, the carrying amount of the County's deposits was \$34,380,996 and the bank balance was \$44,166,626. State law requires that all of the County's deposits be covered by FDIC insurance or by collateral held by the pledging financial institutions' trust department in the County's name. The County's deposits were fully insured or collateralized as of June 30, 2013.

Investments

As of June 30, 2013, the County has the following investments:

			Investment Matu	urities (in Years)	
Investment Type	Fair Value	Less than 1	1 - 5	21-25	26 - 30
US Governmental Agency Obligations	\$ 80,926,460	\$ 76,030,145	\$ 3,653,286	\$ 259,570	\$ 983,459
	80,926,460	76,030,145	3,653,286	259,570	983,459
South Carolina Local Government Investment Pool	145,970,538	145,970,538	-	-	-
	\$ 226,896,998	\$ 222,000,683	\$ 3,653,286	\$ 259,570	\$ 983,459

Interest Rate Risk

The County strictly adheres to the State's investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk

The County strictly adheres to the State's investment policy that would further limit its investment choices. The fair value of the County's position in the South Carolina Local Government Investment Pool (LGIP) is the same as the value of pool shares. The regulatory oversight for the LGIP is the State of South Carolina. As of June 30, 2013, the underlying security ratings of the County's investment in the LGIP may be obtained from the LGIP's complete financial statements. LGIP is rated AA for long-term unsecured debt and A1+ for short-term notes by Standard & Poor's. These financial statements may be obtained by writing to the following address:

The State Treasurer's Office Local Government Investment Pool Post Office Box 11778 Columbia, SC 29211

The County's investments in U.S. Government Agency Obligations were rated AA by Standard & Poor's.

Concentration of Credit Risk

The County places no limit on the amount the County may invest in any one issuer. As of June 30, 2013, the County had investments with three issuers that exceeded 5% of total investments.

For the Year Ended June 30, 2013

3. Receivables/Due from Other Governments/Note Receivable

All property taxes receivable are shown net of allowances for uncollectibles. The County considers all taxes to be collectible; therefore, no allowance for uncollectibles has been established.

General Obligation Bonds

In June 2003, the County issued \$25,500,000 in general obligation bonds, bearing interest rates of 2.0% to 5.0% and with varying maturities through 2023. The proceeds of these bonds were used as follows: \$10,000,000 for the purchase of real property program as approved by referendum in November 2000, \$5,000,000 for paving and improving roads within the County, and \$10,500,000 for various County projects including the purchase of telecommunications equipment, improvements to various County parks, and for other governmental construction projects within the County. These bonds were fully retired during the 2013 fiscal year.

In November 2004, the County issued \$30,500,000 in general obligation bonds bearing interest rates of 3.0% to 5.0% and with varying maturities through 2025. The proceeds of these bonds were used as follows: \$20,000,000 for the purchase of real property program as approved by referendum in November 2000, and \$10,500,000 for various County projects including the purchase of various public works and public safety vehicles, improvements to various County parks, and for other governmental construction projects within the County.

In November 2006, the County issued \$17,500,000 in general obligation bonds bearing interest rates of 3.5% to 8.0% and with varying maturities through 2026. The proceeds of these bonds were used for various County projects.

In December 2006, the County issued \$30,000,000 in general obligation bonds bearing interest rates of 4.0% to 6.75% and with varying maturities through 2026. The proceeds of these bonds were used to "pay off" the County's bond anticipation notes of \$25,000,000 and provide additional funds for the construction of the Bluffton Parkway Project.

In September 2007, the County issued \$25,500,000 of general obligation bonds bearing interest rates of 4.0% to 5.0% and with varying maturity dates through 2027. \$20,000,000 of the proceeds of these bonds was used for the County's rural and critical lands projects, as approved by referendum in November 2006, and the remaining \$5,500,000 of the proceeds of these bonds was used for the Buckwalter Parkway extension.

For the Year Ended June 30, 2013

5. Long-Term Obligations- Continued:

In October 2007, the County issued \$17,530,000 of general obligation refunding bonds bearing interest rates of 4.0% to 5.0% and with varying maturity dates through 2020. These refunding bonds provide resources to purchase U.S. Government State and Local Government Series Securities that were placed in an irrevocable trust for the purpose of generating resources for most future debt service payments on the 2001 County Bonds. As a result, the refunded bonds were considered to be partially defeased and the liability has been removed from the governmental activities column of the statement of net position. The reacquisition price exceeded the net carrying value of the old debt by \$809,915, as the transaction resulted in an economic gain of \$1,344,074. The 2001 County Bonds were fully retired during the 2011 fiscal year.

In March 2010, the County issued \$48,755,000 of general obligation bonds and Build America General Obligation Bonds bearing interest rates of 2.0% to 5.625% and with maturity dates through 2029. The proceeds of these bonds were used to pay off the related bond anticipation notes that were issued in March 2009. \$20,000,000 of the proceeds of the bond anticipation notes were used for the County's rural and critical lands projects and \$28,755,000 of the proceeds were used for various County projects.

In November 2010, the County issued \$8,125,000 of general obligation refunding bonds bearing interest rates of 2.0% to 4.0% and with varying maturity dates through 2022. The refunding bonds provide resources to purchase U.S. Government State and Local Government Series Securities that were placed in an irrevocable trust for the purpose of generating resources for most future debt service payments on the 2002 County Bonds. As a result, the refunded bonds are considered to be partially defeased and the liability has been removed from the governmental activities column of the statement of net position. The reacquisition price exceeded the net carrying value of the old debt by \$547,943, as the transaction resulted in an economic gain of \$420,749.

In December 2011, the County issued \$10,000,000 of general obligation bonds bearing interest rates of 2.0% to 3.5 % and with varying maturity dates through 2031. The proceeds of these bonds were used for the County's rural and critical lands projects, as approved by referendum in November 2006.

In January 2012, the County issued \$15,295,000 of general obligation refunding bonds bearing interest rates of 2.0% to 4.0% and with varying maturity dates through 2023. The refunding bonds provide resources to purchase U.S. Government State and Local Government Series Securities that were placed in an irrevocable trust for the purpose of generating resources for most future debt service payments on the 2003 County Bonds. As a result, the refunded bonds are considered to be partially defeased and the liability has been removed from the governmental activities column of the statement of net position. The reacquisition price exceeded the net carrying value of the old debt by \$1,400,206, as the transaction resulted in an economic gain of \$2,196,519.

In August 2012, the County issued \$25,185,000 of general obligation refunding bonds bearing interest rates of 2.0% to 5.0% and with varying maturity dates through 2025. The proceeds were used to advance refund \$27,050,000 of outstanding 2005 general obligation bonds which had interest rates ranging from 3.0% to 5.0%. The net proceeds of \$28,882,311 (including a \$3,938,020 premium and after payment of \$240,709 in underwriting fees and other issuance costs) were deposited in an irrevocable trust with an escrow agent to provide funds for the future debt service payments on the refunded bonds. As a result, the 2005 general obligation bonds are considered to be partially defeased and the liability has been removed from the governmental activities column of the statement of net position. The reacquisition price exceeded the net carrying value of the old debt by \$1,832,311, as the transaction resulted in an economic gain of \$4,316,298.

In October 2012, the County issued \$6,000,000 of general obligation bonds through the United States Department of Agriculture bearing an interest rate of 3.5% and with varying maturity dates through 2052. The proceeds of these bonds were used for the County's St. Helena Library project.

For the Year Ended June 30, 2013

5. <u>Long-Term Obligations- Continued:</u>

In May 2013, the County issued \$7,580,000 of general obligation bonds bearing interest rates of 1.5% to 4.0% and with varying maturity dates through 2033. The proceeds of these bonds were used to pay off the related bond anticipation notes of \$2,500,000 and \$5,000,000 that were issued in May 2012 and October 2012, respectively.

In May 2013, the County issued \$25,000,000 of general obligation bonds bearing interest rates of 1.5% to 5.0% and with varying maturity dates through 2029. The proceeds of these bonds were used for the County's rural and critical land projects, as approved by referendum in November 2012.

In May 2013, the County issued \$33,150,000 of general obligation refunding bonds bearing interest rates of 1.5% to 5.0% and with varying maturity dates through 2026. The proceeds were used to advance refund \$11,250,000 and \$21,900,000 of outstanding 2006 and 2006B general obligation bonds which had interest rates ranging from 3.5% to 8.0% and 4.0% to 6.75%, respectively. The net proceeds of \$37,026,992 (including a \$4,174,601 premium and after payment of \$297,609 in underwriting fees and other issuance costs) were deposited in an irrevocable trust with an escrow agent to provide funds for the future debt service payments on the refunded bonds. As a result, the 2006 and 2006B general obligation bonds are considered to be partially defeased and the liability has been removed from the governmental activities column of the statement of net position. The reacquisition price exceeded the net carrying value of the old debt by \$3,876,919, as the transaction resulted in an economic gain of \$2,013,870.

The 2005, 2006, 2006B, 2007, 2007B, 2010A, 2010B, 2010C, 2011, 2012A, 2012C, 2012E, 2013A, 2013B and 2013C general obligation bonds are collateralized by the full faith and credit of the County and are payable from ad valorem taxes.

For the Year Ended June 30, 2013

5. <u>Long Term Obligations – Continued</u>:

General obligation bonds accounted for in the County's Statement of Net Position consist of the following at June 30, 2013:

Description	Rates	Dates	Maturity	Original Issue	Outstanding at June 30, 2013
2005 County Bonds	3.0% - 5.0%	2/1 and 8/1	2025	\$ 30,500,000	\$ 600,000

Total interest paid on bonds outstanding for the year ended June 30, 2013 was \$6,815,433.

For the Year Ended June 30, 2013

5. <u>Long Term Obligations – Continued:</u>

Tax Increment Financing Revenue Bonds

In December 2002, the County issued \$40,000,000 in Tax Increment Financing Revenue Bonds for the New River TIF District, bearing interest rates of 3.0% to 5.5% and with varying maturities through 2027. The proceeds of these bonds were used to provide infrastructure and other improvements within the Tax Increment Financing District, including buildings for both the University of South Carolina – Beaufort and the Technical College of the Lowcountry, which the County owns. These bonds were retired during the 2013 fiscal year.

In November 2003, the County issued \$23,680,000 in Tax Increment Revenue Bonds for the Bluffton TIF District, bearing interest rates of 2.0% to 5.0% and with varying maturities through 2028. The proceeds of these bonds were used to pay the outstanding bond anticipation note and to provide infrastructure improvements within the Tax Increment Financing District. These bonds were retired during the 2013 fiscal year.

In January 2013, the County issued \$5,685,000 in Tax Increment Revenue Refunding Bonds for the Bluffton TIF District, bearing an interest rate of 1.42% and with varying maturities through 2019. The refunding bonds provide resources to purchase U.S. Government State and Local Government Series Securities that were placed in an irrevocable trust for the purpose of generating resources for most future debt service payments on the Bluffton TIF District. As a result, the refunded bonds are considered to be partially defeased and the liability has been removed from the governmental activities column of the statement of net position. The transaction resulted in an economic gain of \$864,271.

Tax increment revenue bonds accounted for in the County's Statement of Net Position consist of the following at June 30, 2013:

Description	Rates	Dates	Maturity	Original Issue	Outstanding at June 30, 2013
Bluffton - County TIF Bonds	1.42%	2/1 and 8/1	2019	5,685,000 \$ 5,685,000	5,685,000 \$ 5,685,000

A schedule of the debt service requirements associated with the tax increment financing revenue bonds is as follows:

Fiscal Year Ending	Principal		Interest	Total
2014	\$	745,000	\$ 80,951	\$ 825,951
2015		950,000	70,148	1,020,148
2016		695,000	56,658	751,658

Due to General Fund

Due to general fund also included \$1,413,837 at June 30, 2013 for advances for certain operating expenses of the airport enterprise funds. These advances totaled \$362,852 to the Lady's Island Airport and \$1,050,985 to the Hilton Head Island Airport.

8. Operating Leases

The County leases certain office space and machinery and equipment under cancelable operating leases. Under the terms of the lease agreements, the County's obligation to continue rental obligations is contingent upon the continued appropriation of funds by the County for that purpose. Total rental expenses for the year ended June 30, 2013 were approximately \$466,000.

The following is a schedule of minimum commitments for operating lease payments:

Fiscal Year Ending	Amount
2014	\$ 260,206
2015	160,852
2016	111,255
2017	42,507
2018	10,557
2019-2026	9,133
Total	\$ 594,510

For the Year Ended June 30, 2013

9. Deferred Compensation Plans

All state and local government employees can participate in a deferred compensation plan created in accordance with Internal Revenue Code 457. The plan, administered by the state public employee retirement system through a state approved nongovernmental third party, permits governmental employees to defer a portion of their salary until future years. The deferred compensation is not available to an employee until termination, retirement, death, or unforeseeable emergency. Contributions by employees under the 457 program totaled \$284,024 for the year ended June 30, 2013. There are no employer contributions made by the County to this plan. Participant account balances are not included in these financial statements.

County employees may participate in a 401(k) or a Roth 401(k) deferred compensation plans available to state and local governmental employees through the state public employee retirement system. The 401(k) and Roth 401(k) programs are administered by a state approved nongovernmental third party. Contributions by employees under the 401(k) and Roth 401(k) programs totaled \$739,526 and \$18,910, respectively, for the year ended June 30, 2013. There are no employer contributions made by the County to these plans. Participant account balances are not included in these financial statements.

10. Retirement Plans

The Governmental Accounting Standards Board (GASB) issued Statement No. 27 entitled Accounting for Pensions by State and Local Government Employees in November 1994. This Statement was amended with the issuance of GASB Statement No. 50 entitled Pension Disclosures- an amendment of GASB Statements No. 25 and No. 27 in May 2007. The following information is provided in order to meet the disclosure requirements prescribed in paragraph 20 of GASB 27 and paragraph 7 of GASB 50.

Substantially all full time, permanent County employees are required by law (Title 9 of the S. C. Code of Laws) to participate in statewide cost sharing multiple-employer defined benefit pension plans administered by the State Retirement System. Generally all employees, with the exception of law enforcement personnel and certain others, participate in the South Carolina Retirement System (SCRS). Law enforcement personnel and certain other employees participate in the South Carolina Police Officers Retirement System (PORS).

Both the South Carolina Retirement System and Police Officers Retirement System offer retirement and disability benefits, cost of living adjustments on an ad-hoc basis, life insurance benefits, and survivor benefits. The Plans' provisions are established under Title 9 of the SC Code of Laws.

A Comprehensive Annual Financial Report containing financial statements and required supplementary information for the South Carolina Retirement System and Police Officers Retirement System is issued and publicly available by writing the South Carolina Retirement System, P.O. Box 11960, Columbia, SC 29211-1960.

Actuarially established employer contribution rates are as follows:

				Group Life	
Retirement		Unfunded	Accidental	Insurance	
Program	Normal	Accrued Liability	Death Program	Program	Total
SCRS	4.57%	5.88%	N/A	0.15%	10.60%
PORS	7.81%	4.09%	0.20%	0.20%	12.30%

Contribution rates are developed by the SCRS and PORS using the entry age normal cost method. The normal contribution rate to cover current cost has been determined as a level percentage of payroll. A market related value of plan assets is used for actuarial valuation purposes. Gains and losses are reflected in the unfunded accrued liabilities that are being amortized by regular annual contributions as a level percent of payroll within a 30 -year period, assuming 7.5% annual payroll growth for SCRS and PORS.

For the Year Ended June 30, 2013

10. Retirement Plans- Continued:

All employers contribute at the actuarially required contribution rates.

Contribution Information	SCRS	PORS		
Covered Payroll	\$ 32,729,330	\$	17,807,781	
Employee Contributions	2,287,982		1,244,857	
Employee Contribution Rate (Based upon Salary)	7.00%		7.00%	
Employer Contribution Rate; Includes Group Life Coverage in Both				
SCRS and PORS and Accidnetal Death Coverage in PORS (Based				
upon Salary)	10.60%		12.30%	

The County's employer contribution to the SCRS for the years ended June 30, 2013, 2012 and 2011 were \$3,469,387, \$3,047,690, and \$3,232,140, respectively, which are equal to the required contributions.

The County's employer contribution to the PORS for the years ended June 30, 2013, 2012 and 2011 were \$2,190,357, \$2,056,075, and \$2,049,754, respectively, which are equal to the required contributions.

Vesting Requirements:

With five years of service, an employee is entitled to a deferred annuity commencing at age 65 under SCRS and at age 55 under PORS.

Retirement Benefits:

Retirement benefits of participants in the SCRS and the PORS are currently determined as follows:

SCRS – The maximum monthly retirement allowance at age 65 or 28 years' service is generally determined by the following formula:

- Total 12 highest consecutive quarters of salary (divide by 3).
- Multiply the amount by 1.82%.
- Multiply the results by the total months of creditable service.
- Divide results by 12.

PORS – The retirement benefit at age 55 or 25 years' service is generally determined consistent with the aforementioned SCRS formula, except that the average salary is multiplied by 2.14% for Class II members.

For the Year Ended June 30, 2013

10. Retirement Plans - Continued:

Early Retirement - SCRS

Age	Service Required	Early Retirement Penalty
At Least 60	None	5% for Each Year of Age Under 65
55	25 Years	4% for Each Year of Service Under 28

Full formula retirement is available with 28 years of service, regardless of age, or age 65.

There are no early retirement provisions under PORS. A member must have 25 years of service for full retirement or must be age 55 with 5 years of service. Both criteria provide for full formula benefit with no reduction.

Employees eligible for service retirement may participate in the Teacher and Retiree Incentive Program (TERI). TERI participants may retire and begin accumulating retirement benefits on a deferred basis without terminating employment for up to five years. Upon termination of employment or at the end of the TERI period, whichever is earlier, participants will begin receiving monthly service retirement benefits which will include any cost of living adjustments granted during the TERI period. Because participants are considered retired during the TERI period, they do not earn service credit, and are ineligible to receive group life insurance benefits or disability retirement benefits. Effective July 1, 2006, TERI participants who entered the program before July 1, 2005 do not have to contribute SCRS as long as they are covered under the TERI program.

Disability Retirement

In order to receive Disability Retirement benefits, an employee must have 5 years of credited service unless the injury is job related.

Recipients receive a service retirement benefit based upon continued service to age 65 for SCRS and to age 55 for PORS with no change in compensation.

Accidental Death Program

Under this provision of the PORS, an annuity is provided to the surviving spouse (or the specified beneficiary) of a member whose death was while in performance of duty. The annuity would equal 50% of members' compensation at the time of death.

Group Life Insurance Benefits

A lump-sum payment equal to one year's salary is payable to the beneficiary upon the death of an active member with at least one year of service. There is no service requirement for death resulting from actual performance of duties. Lump-sum payments of up to \$6,000 (SCRS and PORS) are payable to a retiree's beneficiary based upon years of service at retirement.

Withdrawal of Employee Contribution

Accumulated contributions and credited interest payable are paid within 6 months but not less than 90 days after termination of all covered employment.

For the Year Ended June 30, 2013

10. Retirement Plans - Continued:

Post Retirement Increases

Annual increases in retirement benefits are calculated at the lower of the Consumer Price Index for Wage Earners and Clerical Workers (CPI-W) for the prior calendar year or 2%. Increases are approved annually subject to compliance with funding policy.

Statewide Plan Actuarial Information

The South Carolina Retirement Systems do not determine separate measurements of assets and pension benefit obligations for individual employers. An actuarial valuation is performed for the systems annually. No changes in actuarial assumptions or benefit provisions have occurred subsequent to July 1, 1995. The interest rate assumption for actuarial purposes is 8%. An assumption of future COLA adjustments was removed (SCRS and PORS) and the method of valuing assets was changed from book value to a smoothed market value.

The Systems use a projected benefit method for actuarial valuation with level percentage entry age, normal cost and open-end unfunded accrued liability. At July 1, 2012, based upon the actuarial method used for funding purposes:

	SCRS	PORS
Unfunded Accrued Liability	\$ 13,917,000,000	\$ 1,549,000,000
Liquidation Period	29 Years	30 Years

11. Other Post Employment Benefits (OPEB)

Plan Description

The County provides post-retirement health, life and dental care benefits, as per the requirements of a local ordinance, for certain retirees. Its plan is a single-employer defined benefit plan. Substantially all employees who retire under the State retirements plans are eligible to continue their coverage with the County paying 100% of the premium for those with 28 or more years of service, 75% of the premium for those with 20 years to 27 years of service and 50% of the premium for those with 15 years to 20 years of service. On June 9, 2008, the County closed these benefits to all employees hired after June 9, 2008. As of June 30, 2013 there were 119 employees who had retired with the County and were receiving health insurance benefits.

Funding Policy

The contribution requirements of plan members and the County are established and may be amended by the County. The required contribution is currently based on pay-as-you-go financing requirements. For the year ended June 30, 2013, the County recognized expenditures of \$10,926,820 for current healthcare premiums.

Annual OPEB Cost and Net OPEB Obligation

The County's annual OPEB cost is calculated based on the *annual required contribution of the employer* (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years. The following table shows the components of the County's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the County's net OPEB:

For the Year Ended June 30, 2013

11. Other Post Employment Benefits (OPEB) – Continued:

	Governmental		Business-Type	
Normal Cost for Current Year	\$	3,409,456	\$	135,552
Amortization of Unamortized Accrued Liability		2,242,835		89,165
Annual Required Contribution (ARC)		5,652,291		224,717
Interest on Net OPEB Obligation		837,697		33,303
Adjustment to Annual Required Contribution		(805,197)		(32,011)
Annual OPEB Cost		5,684,791		226,009
Contributions Made		(580,906)		(23,094)
Increase in Net OPEB Obligation		5,103,885		202,915
Net Obligation - Beginning of Year		18,502,584		852,624
Net Obligation - End of Year	\$	23,606,469	\$	1,055,539
	_			

The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the 2013 fiscal year were as follows:

			Percentage of		
			Annual OPEB Cost		Net OPEB
Fiscal Year	Annual OPEB Cost		Contributed	Obligation	
2013	\$	5,910,800	10.22%	\$	24,662,008
2012		5,235,000	14.25%		19,355,208
2011		5,203,502	4.69%		14,866,208
2010		4,215,507	12.30%		9,906,633
2009		3,601,597	21.48%		6,209,805
2008		3,381,788	0.00%		3,381,788

Funded Status and Funding Progress

As of June 30, 2013, the most recent actuarial valuation date, the plan was 0.0% funded. The actuarial accrued liability for benefits was \$48.1 million, resulting in an unfunded actuarial accrued liability (UAAL) of \$48.1 million. Also, the unfunded actuarial accrued liability is being amortized by an open or rolling amortization period (with re-amortization of the UAAL in each valuation), absent actuarial gains. As such, the UAAL amount will never be fully eliminated. The covered payroll (annual payroll of active employees covered by the plan) was \$48,921,474, and the ratio of the UAAL to the covered payroll was 101.7 percent.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funding status of the plan and annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Funded Status and Funding Progress

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

For the Year Ended June 30, 2013

11. Other Post Employment Benefits (OPEB) – Continued:

In the June 30, 2013 actuarial valuation, the projected unit credit method was used. The actuarial assumptions included a 4.50% investment rate of return (net of administrative expenses), which is the blended rate of the expected long-term investment returns on plan assets on the County's own investments calculated based on the funded level of the plan at the valuation date, and an annual healthcare cost trend rate of 9.0% in 2013 decreasing to the ultimate rate of 5.0% in 2023. Also, the actuarial assumptions included a 3.5% annual salary rate increase and 3.0% for an annual inflation rate. The UAAL is being amortized via the level percentage method, which amortizes the UAAL as a constant percent of payroll. The remaining amortization period at June 30, 2013 was 26 years.

12. <u>Accrued Compensated Absences and Other Benefits</u>

Effective February 15, 1993, Beaufort County adopted a new leave policy for all employees. The TOWP/SCA policy was replaced with a policy granting Personal Leave Days and Personal Disability Leave. Under the new policy, employees were entitled to a maximum Personal Leave balance of 280 hours. Upon termination, employees will be paid for all unused, unpaid Personal Leave up to this maximum. The liability recorded at June 30, 2013, to cover unused, unpaid Personal Leave including fringe benefits totaled \$3,207,105.

The County reports \$357,857 as a current liability and \$2,753,942 as a long-term liability for governmental activities, while \$10,960 as a current liability and \$84,346 as a long-term liability for business-type activities.

All leave hours accrued in excess of this Personal Leave maximum were accrued to the employee's Personal Disability leave account. A maximum of 360 hours may be maintained in an employee's Personal Disability leave account. The only accrual to this balance occurs when an employee's Personal Leave account exceeds 280 hours, at which time excess hours are "rolled over" to the Personal Disability leave account. Personal Disability leave is to be used in the case of an extended or life threatening illness. This account can only be used once all accrued hours in the Personal Leave account have been used to a balance of 80 hours or less. The employee must present a doctor's statement verifying the disability or illness in order to utilize his/her Personal Disability leave. Employees with remaining SCA leave balances may retain those balances. The same rules governing the use of Personal Disability leave apply to the use of SCA leave. Upon termination of employment with Beaufort County, no payment for any unused SCA or Personal Disability leave will be made.

The County does not provide post employment health care benefits except those mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County.

13. Fund Balances

As prescribed by GASB Statement No. 54, governmental funds report fund balance in classifications based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. As of June 30, 2013, fund balances for government funds are made up of the following:

Nonspendable Fund Balance includes amounts that are (a) not in spendable form, or (b) legally or contractually required
to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to
cash, for example: inventories, prepaid amounts, and long-term notes receivable.

For the Year Ended June 30, 2013

13. Fund Balances – Continued:

- Restricted Fund Balance includes amounts that can be spent only for the specific purposes stipulated by external
 resource providers, constitutionally or through enabling legislation. Restrictions may effectively be changed or lifted only
 with the consent of the resource providers.
- Committed Fund Balance includes amounts that can only be used for the specific purposes determined by a formal action
 of the County's highest level of decision-making authority, County Council. Commitments may be changed or lifted only
 by the County taking the same formal action that imposes the constraint originally.
- Amounts in the assigned fund balance classification are intended to be used by the County for specific purposes but do not meet the criteria to be classified as committed. County Council has by resolution authorized the County Administrator to assign fund balance. County Council may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.
- Unassigned Fund Balance is the residual classification for the General Fund and includes all amounts not contained in the other classifications. Unassigned amounts are technically available for any purpose.

In circumstances when an expenditure is made for a purpose for which amounts are available in multiple fund balance classifications, fund balance is generally depleted in the order of restricted, committed, assigned, and unassigned.

Beaufort County Council is the County's highest level of decision-making authority that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

The County considers restricted amounts to have been spent when an expenditure is incurred for the purposes for which both restricted and unrestricted amounts are available. When an expenditure is incurred for which committed, assigned, or unassigned amounts could be used, the County considers expenditures to be used in this respective order.

As of June 30, 2013, Beaufort County Council had not established an unassigned fund balance target.

For the Year Ended June 30, 2013

13. <u>Fund Balances – Continued:</u>

Fund balances for all the major and nonmajor funds as of June 30, 2013, were distributed as follows:

	General Fund		County Wide General Obligation Bonds		Bluffton - County TIF Bonds		Sales Tax Projects

For the Year Ended June 30, 2013

14. <u>Commitments and Contingencies</u>

On July 11, 1994, the County entered into a 20 year lease agreement with the General Services Administration of the U. S. Government (GSA) for the use of the former Beaufort County Courthouse building by GSA as a Federal Courthouse. Under this agreement, the County renovated the building in accordance with GSA specifications at an approximate cost of \$1,933,744. Financing has been arranged for the funding of these costs and the County has assigned all rights and interest in the lease payments from GSA to the lender. The terms and required payments on the lease are the same as the terms and required payments on the loan. After the payment of the loan and the end of the lease term, the asset will remain as property of the County.

Arbitrage rules - State and local bonds issued after 1984 are subject to arbitrage restrictions as enacted by the Federal Government. To retain the bonds' tax exempt status, local governments must comply with the regulations as adopted by the government expend all of the bond proceeds within designated periods which could be up to three years. The County believes it is in compliance with all arbitrage rules.

As of June 30, 2013, the County has outstanding construction contracts of \$54,649,366.

15. Risk Management and Litigation

The County is exposed to various risks of losses related to torts; thefts of; damage to and destruction of assets; errors and omissions; injuries to employees; and natural disaster. The County manages risk through employee educational and prevention programs and through the purchase of casualty and liability insurance. All risk management activities are accounted for in the General Fund.

For all of these risks, the County is a member of the State of South Carolina Insurance Reserve Fund, a public entity risk pool currently operating as a common risk management and insurance program for local governments. The County pays an annual premium to the State Insurance Reserve Fund for its insurance coverage. The State Insurance Reserve Fund is self-sustaining through member premiums and reinsures through commercial companies for certain claims.

Expenditures and claims are recognized when it is probable that a loss has occurred and the amount of the loss can be reasonability estimated. In determining claims, events that might create claims, but for which none have been reported are considered.

The County is a party to several lawsuits which seek to recover property taxes paid under protest and to overturn property sold at "tax sales." The County's attorney estimates that the amount of actual or potential claims against the County at June 30, 2013 will not materially affect the financial conditions of the County. Therefore, the General Fund contains no provision for estimated claims.

The County has not significantly reduced insurance coverage from the previous year nor has it settled claims in excess of insurance coverage for the last three years that were material.

BEAUFORT COUNTY, SOUTH CAROLINA REQUIRED SUPPLEMENTARY INFORMATION SCHEDULE OF FUNDING PROGRESS FOR THE RETIREE HEALTH PLAN June 30, 2013

				Actuarial

BEAUFORT COUNTY, SOUTH CAROLINA REQUIRED SUPPLEMENTARY INFORMATION MODIFIED APPROACH FOR AIRPORT INFRASTRUCTURE ASSETS June 30, 2013

Beaufort County's airports infrastructure assets consist of approximately 25% airport runways, 25% airport taxiways, and 50% airport aprons. The condition of the runways, taxiways, and aprons is measured using several distress factors found in pavement surfaces. The airports' pavement management system uses a measurement scale that is based on a condition index. For the Lady's Island Airport, the South Carolina Aeronautics Commission (SCAC) condition scale is used to classify runways, taxiways, and aprons. The SCAC condition scale is as follows: good or better condition (70 - 100), fair condition (50 - 69), and substandard condition (less than 50). For the Hilton Head Island Airport, the Federal Aviation Administration (FAA) condition scale is used to classify runways, taxiways, and aprons. The FAA condition scale is as follows: excellent condition (5), good condition (4), fair condition (3), poor condition (2), and failed condition (1). It is the County's policy to maintain the runways, taxiways, and aprons at a fair condition or better. Condition assessments are determined every year by the County at both airports, the SCAC at the Lady's Island Airport, and the FAA at the Hilton Head Island Airport. The County's runways, taxiways, and aprons have an estimated useful life, without resurfacing, of 25 years. Due to the strong safety concerns of airplanes landing, taking off, and taxiing on these surfaces, all surfaces are repaired immediately if and when there is a need for such repairs.

Actual maintenance of runways, taxiways, and aprons involves scraping and providing improved surface materials on an as needed basis or filling cracks within the pavement on an as needed basis.

	FY 2013	FY 2012
Percent of Runways in Fair or Better Condition	100%	100%
Percent of Taxiways in Fair or Better Condition	100%	100%
Percent of Aprons in Fair or Better Condition	100%	100%
Percent of Annual Resurfacing of Runways Completed	0%	0%
Percent of Annual Resurfacing of Taxiways Completed	0%	0%
Percent of Annual Resurfacing of Aprons Completed	0%	0%

The County estimates maintenance expense in the amount of \$650,000 to be incurred every five (5) years for paving costs in order to maintain and preserve at (or above) the condition level established and disclosed above. The County adopted the modified approach for its airport infrastructure

BEAUFORT COUNTY, SOUTH CAROLINA SCHEDULE OF REVENUES - BUDGET (GAAP BASIS) AND ACTUAL GENERAL FUND

For the Year Ended June 30, 2013

Lady's Island/St. Helena Island Fire District		6,000,000	100%	6,000,000
Sheldon Fire District		468,051	100%	 468,051
Subtotal of Overlapping Debt		485,650,867		485,650,867
Beaufort County Direct Debt				 247,123,541
Total of Direct and Overlapping Debt				\$ 732,774,408

Source: Debt outstanding provided by each governmental unit.

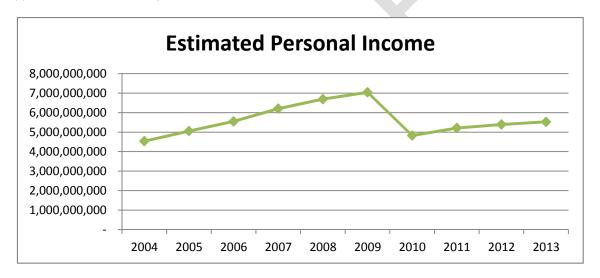

Note: As all of this debt is within Beaufort County, the percentage of applicable debt to the County is 100%. This process recognizes that, when considering the County's ability to issue long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore, for repaying debt of each overlapping government.

I.What we say

- Nationally ranked firm, with international reach through Baker Tilly – What we can offer:
 - Extensive service opportunities normally associated with national firms
 - Personal relationship with engagement team and service continuity of a local firm
- Specialized with industry concentration
 - Government industry is a core Cherry Bekaert industry

What that means for Beaufort County

- The County has annual reporting requirements.
 - Ready to issue a clean audit opinion
- County Management has been proactive, accessible and available to resolve audit issues
 - GFOA comments from 2012 CAFR addressed in 2013 CAFR
 - Specialized resources for implementation of new accounting standards
- County is on track to have issued financial statements and compliance audits by January 31, 2014 deadline
 - Expected to issue by January 20, 2014

Required Audit Communications

- Our Responsibility under U.S. Generally Accepted Auditing Standards
 - Our responsibility is to express an opinion about whether the financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles
 - Consideration of internal control, no assurance provided
 - Overall outcome: Unmodified opinion, or "clean" opinion

Required Audit Communications...

- We encountered no significant difficulties in dealing with management in performing and completing our audit.
- There were no disagreements with management during our audit procedures.
- ▶ No transactions entered into by the County during the year for which there is a lack of authoritative guidance or consensus.
- Significant estimates included in the financial statements include deprecation expense and the related accumulated depreciation for depreciable capital assets.

Required Audit Communications...

Management Representations

 We will request certain representations from management that will be included in the management representation letter.

Management Consultations with Other Independent Accountants

 To our knowledge, there were no consultations with other accountants.

New Accounting Standards implemented in FY 2013 financial statements....

GASB Statement No. 63 – Required implementation

Impact to the County

- Government-wide financial statements & Proprietary fund financial statements:
 - "Statement of Net Assets" is now "Statement of Net Position"
- Proprietary fund financial statements:
 - "Statement of Revenues, Expenses, and Changes in Net Assets" is now "Statement of Revenues, Expenses, and Changes in Net Position"
- Changes net position classifications to Net investment in Capital Assets, Restricted, and Unrestricted
- No change in the dollar amounts of beginning Net Position

GASB Statement No. 65 – Early implementation by management

Impact to the County

- Reclassifies items previously reported as assets and liabilities as deferred outflows and inflows of resources
 - Debt issue costs are expensed when incurred, with the exception of prepaid insurance
 - Deferred charges on advance refundings of debt classified as a deferred outflow of resources
- Limits the use of the term "deferred"
 - "Deferred revenue" now is "Unearned revenue" in fund statements
- Retroactive application of financial statements for all periods presented

Proposed Audit Adjustments

We proposed an entry to increase prior year net position for the deferred charges on advance refundings of debt outstanding at June 30, 2012 in the amount of approximately \$1,068,000 (less than 0.4% of Net Position) This amount was recorded as a decrease in general government expenses in the June 30, 2013 government-wide financial statements.

Financial Statement Line Item	<u>Debit</u>	Credit
General government expenses	\$1,068,000	
Net position – Governmental activities		\$1,068,000

We proposed the following adjustment to record advances from the General Fund related to the construction of the St. Helena library prior to the USDA loan proceeds being received:

Financial Statement Line Item]	<u>Debit</u>	Credit
General Fund Fund Balance	;	\$430,913	
General Fund Transfer In			\$430,913
2006 Bond Projects Intergovernmental	Revenue		\$430,913
2006 Bond Projects Transfer Out	\$430,913		

Compliance OMB A-133 Results of the County

Finding for 2013 – Internal Controls over Compliance

- ▶ 2013-01 Significant Deficiency
 - The County does not have policies or procedures in place over training of supervisors over the Summer Service Food Program for Children, which resulted in improper meal count claims submitted for reimbursement.

Current status of prior year findings from 2012

- 2012-01 Controls were not in place to ensure defeased debt and related escrow funds were recorded as assets and liabilities
 - Error was corrected in the 2012 financial statements
- 2012-02—The Clerk of Court's Office does not have segregation of duties procedures in place to ensure that timesheets are prepared by the staff and approved by the Clerk of Court
 - Finding has been fully corrected.

Recommendations to Strengthen Controls over Compliance

Sub-recipient monitoring

- We recommended management obtain the A-133 reports of sub-recipients, review for findings, and follow up on findings to ensure the findings do not affect the County.
 - We noted the County does not obtain the A-133 reports for sub-recipients, specifically related to the Home Investment Partnerships Program.

Grant and contract agreements

- We recommend all significant contracts, grants, or agreements, be provided to the Finance Department in order to ensure they are properly accounted for and included on the Schedule of Expenditures of Federal Awards, if necessary.
 - During our testing, it was noted that the Finance Department was not made aware of a federally funded grant in a timely manner.

Approval of expenditures documentation

- We recommend the department head document his review and approval of the expenditures charged to the grant.
 - During our testing of the Alcohol & Drug Program, we noted no evidence of approval of expenditures by the department head

Recommendations....

Segregation of duties for approval of expenditures

- We recommend the process of reviewing and approving expenditures be segregated among the appropriate individuals
 - During our testing of the federal expenditures related to construction of the St. Helena Library, we noted expenditures charged to the program were prepared and approved by the same individual.

Capital assets system to track federally funded assets

- We recommend management implement a system in which to systematically track federally funded equipment. A-133 requires federally funded equipment be tracked separately in order to identify the equipment at the time of disposal in the event the federal agency has the right to retain or purchase the equipment.
 - During our testing of the federal expenditures related to construction of the St. Helena Library, we noted capital assets purchased with federal funds are not identified within the capital asset system.

Recap – Audit results

- Clean audit opinion
- ▶ Ready to issue by Jan. 31st deadline
- Issues noted proactively addressed by management

Topic: Resolution - GASB Statement No. 54

Date Submitted: January 13, 2014

Submitted by: Joshua Gruber

Venue: Finance Committee

RESOLUTION NO. 2014-2

A RESOLUTION OF BEAUFORT COUNTY COUNCIL AUTHORIZING THE COUNTY ADMINISTRATOR TO MAKE AN ASSIGNMENT OF FUND BALANCE FOR PURPOSES OF GOVERNMENTAL ACCOUNTING STANDARDS BOARD STATEMENT NO. 54 COMPLIANCE

WHEREAS, the Governmental Accounting Standards Board (GASB) has issued Statement No. 54 – Fund Balance Reporting and Governmental Fund Type Definitions, which changes the terminology used for fund balance reporting on balance sheets of Governmental Funds, and

WHEREAS, for financial statement reporting purposes, the GASB Statement defines Restricted amounts as those that are constrained to specific purposes by their providers through constitutional provisions or enabling legislation; and

WHEREAS, for financial statement reporting purposes, the GASB Statement defines assigned amounts as those the government intends to use for a specific purpose; and

WHEREAS, when expenditures are incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) fund balances are available, the County's policy is to first apply restricted fund balance. When expenditures are incurred for purposes for which committed, assigned, or unassigned fund balances are available, the County's policy is to first apply committed fund balance, then assigned fund balance, and finally unassigned fund balance; and

WHEREAS, this policy delegates to the County Administrator the authority to assign unrestricted fund balance amounts where the County's intent is for those amounts to be used for specific purposes. This delegation of authority is for the sole purpose of reporting these amounts in the annual financial statements.

NOW, THEREFORE, BE IT RESOLVED that the County Council of Beaufort County hereby approves the attached Fund Balance Policy for compliance with Governmental Accounting Standards Board Statement No. 54, Fund Balance Reporting and Governmental Fund Type definitions.

APPROVED AND ADOPTED by the County Council of Beaufort County at a regular meeting held on the 13^{th} day of January, 2014.

COUNTY COUNCIL OF BEAUFORT COUNTY
