MEMORANDUM

TO: Beaufort County Planning Commission
FROM: Tony Criscitiello, Beaufort County Planning & Development Director
DATE: May 24, 2013
SUBJECT: Rezoning Request for 27.46 acres off of Dorchester Drive and Tomotley, Whitehall and McCalley Courts, in the Grays Hill area of Port Royal Island, from Rural (R) Zoning District to Rural Residential (RR) Zoning District

Excerpt of PLANNING COMMISSION RECOMMENDATION from its June 3, 2013, draft meeting minutes:

Mr. Anthony Criscitiello briefed the Commissioners. He noted that this was a map amendment to correct the zoning from Rural to Rural Residential. The 1999 ZDSO created the Rural Residential zone and the properties met the criteria for Rural-Residential zoning. The applicant received a letter from the Planning Department noting the error in the zoning; however, the applicant is asking that the zoning map reflect that the properties are zoned Rural-Residential.

Public Comment: None were received, including from the applicant who was present in the audience.

Commission discussion included a clarification from the applicant as to the purpose for the map change--to accommodate banking requirements.

Motion: Mr. Thomas made a motion, and Ms. Chmelik seconded the motion, **to recommend approval to County Council for the County Zoning Map Amendment / Rezoning Request for the Marsh View Subdivision (R100-15-64A, 289-326 and 347-349; 38 residential lots and associated common areas totaling 27.46 acres; off Dorchester Drive and Tomotley, Whitehall and McCalley Courts, in the Grays Hill area of Port Royal Island), to be rezoned from Rural (R) to Rural-Residential (RR).** No further discussion occurred. The motion was carried unanimously (FOR: Bihl, Brown, Chmelik, LeGree, Petit, Riley, Semmler, Stewart and Thomas).

STAFF REPORT

A. BACKGROUND:

Case No. ZMA-2013-03

Applicant/Owner: Steve Tully / Factory Creek Landing Group LLP

Property Location: Dorchester Drive and Tomotley, Whitehall and McCalley Courts, in the Grays Hill area of Port Royal Island

District/Map/Parcel: R100-15-64A, 289 - 326, and 347 - 349

Property Size: 27.46 acres (38 lots and associated common areas)

Current Future Land Use Designation: Air Installation Compatible Use Zone (AICUZ)

Proposed Future Land Use Designation: No Change Proposed

Current Zoning District: Rural (R)

Proposed Zoning District: Rural Residential (RR)

B. SUMMARY OF REQUEST:

The applicant is requesting that the official zoning map be amended to show these parcels within a Rural Residential (RR) zoning district instead of a Rural (R) district.

C. ANALYSIS:

Section 106-492 of the ZDSO states that a zoning map amendment may be approved if the weight of the findings describe and prove:

1. *The change is consistent with the County's Comprehensive Plan and the purposes of the ZDSO.*

The property is comprised of a 38-lot subdivision and associated common areas (Marshview Subdivision) that was approved by the County in 1998. The gross density of this subdivision is 1.4 dwellings per acre, and the lots are typically about ½- acre in size. When the current ZDSO was adopted in 1999, this subdivision was zoned Rural (R), which has a maximum gross density of 1 dwelling per 3 acres, and which requires a minimum lot size of 1 acre.

In 2007, at the request of the property owner, the Beaufort County Planning Department staff took another look at the zoning of this subdivision and determined that the lots were incorrectly mapped Rural and, instead, should have been mapped Rural Residential (RR). This determination was made because the RR district was created to recognize areas of five or more existing, contiguous lots of five or fewer acres within the rural areas of the County (Section 106-1024 of the ZDSO – see attached). The RR zoning district requires a minimum lot size of ½ acre, which conforms to the lots in the Marshview Subdivision.

Although staff determined that this was a mapping error, the Official Zoning Map can only be amended by County Council; therefore, the applicant is formally requesting that the mapped be changed to correct this error.

The property is located within the Growth Boundary for Northern Beaufort County. It is designated Air Installation Compatible Use Zone (AICUZ) on the County's Future Land Use Map, which encompasses the noise contours and accident potential zones associated with Marine Corps Air Station – Beaufort. Residential development and places of assembly (e.g. churches, schools, etc.) should be highly limited in these areas. This rezoning will have no impact on the AICUZ because the lots are already platted, and no further subdivision can occur under the proposed RR district.

2. The change is consistent with the character of the neighborhood.

All surrounding properties are zoned Rural and Rural Residential.

3. The extent to which the proposed zoning and use of the property are consistent with the zoning and use of nearby properties.

All surrounding properties are zoned Rural and Rural Residential.

4. The suitability of the property for the uses to which it has been proposed.

The property is being used as a single-family subdivision.

5. Allowable uses in the proposed district would not adversely affect nearby property.

The property is already developed as a residential subdivision, which is consistent with the surrounding area. The proposed Rural Residential (RR) zoning district would not allow uses that are not currently permitted under Rural (R) zoning.

6. The length of time a property has remained vacant as zoned, where the zoning is different from nearby developed properties.

The property is a developed subdivision.

7. The current zoning is not roughly proportional to the restrictions imposed upon the landowner in light of the relative gain to the public health, safety and welfare provided by the restrictions.

It is reasonable that these existing lots be zoned to conform to the lot size and setback standards for the Rural Residential (RR) district because they do not conform to the existing standards for the Rural (R) district.

8. A traffic impact analysis (TIA) indicates that the rezoning request to a higher intensity will not adversely impact the affected street network and infrastructure in the higher zoning classification.

A TIA was not required because the requested Rural Residential (RR) zoning will not result in any additional lots.

D. STAFF RECOMMENDATION:

After review of the guidelines set forth in Section 106-492 of the ZDSO, staff recommends approval of this rezoning request from Rural (R) to Rural Residential (RR) for the subject properties.

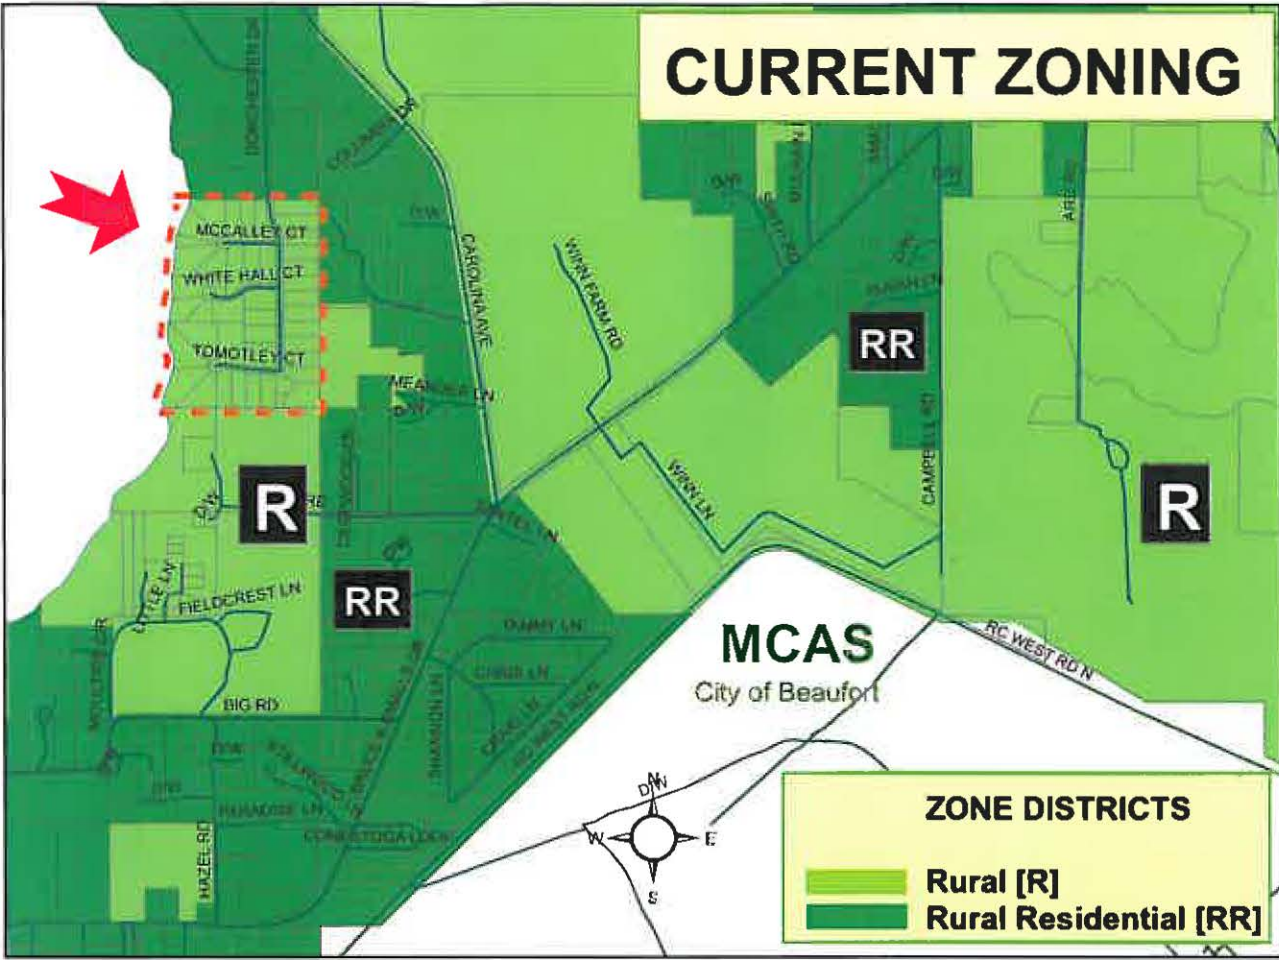

E. METROPOLITAN PLANNING COMMISSION RECOMMENDATION:

The Metropolitan Planning Commission met on May 20, 2013. Members present: Joe DeVito – Chairman, James Crower - Vice-Chairman, Bill Harris, Alice Howard, Robert Semmler, and Jennifer Bihl. Staff present: Libby Anderson and Robert Merchant. Alice Howard recused herself. Robert Merchant provided a staff report and recommendation. The Commission approved unanimously to recommend to the Beaufort County Planning Commission approval of the zoning amendment.

DIVISION 4. RURAL INVESTMENT AREA

Sec. 106-1021. Scope of division.

This division contains the statements of intent for all zoning districts in the rural investment area of the comprehensive plan. The mapping of rural investment area districts shall implement the comprehensive plan. These districts are outside the 20-year growth boundary for infrastructure investment expectations. They are intended to remain rural in character.

(Ord. No. 99-12, § 1 (div. 02.400), 4-26-1999; Ord. No. 2005/39, 11-14-2005)

Sec. 106-1022. Rural (R) district.

(a) The rural (R) district provides for limited residential and nonresidential development and for continuing agriculture or forestry uses.

(b) If a landowner develops the land residentially, the standards of density and very high open space ratios ensure the retention of an overall rural character after build-out. Landscaping, lot size, and open space are intended to provide a rural land use pattern with residential in the background. Open space, clustering in communities, natural vegetation, agriculture, and landscaping work together to ensure this character.

(c) Clustering with 70 percent or more open space requires the use of centralized water and wastewater systems. The maximum density of development can be obtained only when the development has made arrangements to ensure the development is serviced by publicly owned, community-scale water and sewer systems.

(d) Public sewer extensions into a rural district shall only be permitted when a documented health condition warrants such expansion, and not to merely accommodate new development.

(e) New development may access existing wastewater trunk lines if such lines are located within 300 feet of the development, and service the area as of the effective date of the ordinance from which this chapter derives.

(Ord. No. 99-12, § 1 (02.410), 4-26-1999; Ord. No. 2005/39, 11-14-2005)

Sec. 106-1024. Rural residential (RR) district.

(a) The rural residential (RR) district protects the residential character of existing communities and neighborhoods in the rural area, that were developed under previous zoning regulations and designated as rural in the adopted 1997 comprehensive plan.

(b) This district is intended to minimize nonconforming lots and provide owners of small clustered rural lots with flexibility in the use of their land. The districts are established by identifying areas with five contiguous lots of five or fewer acres. It permits subdivision of existing lots to a maximum of 1.2 units to one acre gross density, with DHEC approval, for wastewater treatment. The district is not intended to promote tract development or to encourage rezoning.

(Ord. No. 99-12, § 1 (02.430), 4-26-1999)

MEMORANDUM

To: Hillary Austin, Zoning & Development Administrator
From: Delores Frazier, Assistant Planning Director *DF*
Subject: Error on Zoning Map / Port Royal Island – Marsh View Subdivision (38 lots)
Date: January 27, 2007

At the request of the property owner, we evaluated the zoning of the subdivision referenced above and shown on the attached map and have determined that these lots are incorrectly shown on the zoning map as Rural. Instead, these lots meet the County's requirements with respect to the Rural Residential zoning district, and should have been zoned Rural Residential. It has been determined that this was the result of a mapping error that will be corrected by our staff during a normal cycle of zoning map corrections. In the meantime, the 38 lots in Marsh View Subdivision should be treated as if they were correctly mapped as Rural Residential.

RE: Notice of Public Meetings to Consider a Port Royal Island Map Amendment/Rezoning Request for Marsh View Subdivision (R100-15-64A, 289-326 and 347-349 (38 residential lots and associated common areas totaling 27.46 acres; off Dorchester Drive and Tomotley, Whitehall and McCalley Courts, in the Grays Hill area), to be rezoned from Rural (R) to Rural-Residential (RR); Owner: Factory Creek Landing Group LLP, Applicant/Agent: Steven Tully

Dear Property Owner:

In accordance with the Beaufort County Zoning & Development Standards Ordinance, Section 106-402, a public hearing is required by the Beaufort County Planning Commission and the Beaufort County Council before a rezoning proposal can be adopted. You are invited to attend the following meetings and public hearings to provide comments on the subject proposed map amendments in your neighborhood. A map of the properties is on the back of this letter.

1. The **Beaufort-Port Royal Metropolitan Planning Commission** (acting as a subcommittee of Beaufort County Planning Commission for the unincorporated parts of Port Royal Island and Lady's Island): **Monday, May 20, 2013, at 5:30 p.m.** at City of Beaufort Council Chambers (second floor of City Hall), 1911 Boundary Street, Beaufort, SC 29902.
2. The **Beaufort County Planning Commission** of Beaufort County Council: **Monday, June 3, 2013, at 6:00 p.m.** in the Beaufort County Council Chambers, on the first floor of the Beaufort County Administration Building, 100 Ribaut Road, Beaufort, SC.
3. The **Natural Resources Committee** of the County Council: **Monday, June 11, 2013, at 2:00 p.m.** in the Executive Conference Room, located on the first floor of the Beaufort County Administration Building, 100 Ribaut Road, Beaufort, SC.
4. **Beaufort County Council** – generally meets second and fourth Mondays at 5:00 p.m. in the County Council Chambers of the Beaufort County Administration Building, 100 Ribaut Road, Beaufort, SC., or at the Beaufort County Library, Hilton Head Island Branch, 11 Beach City Road, Hilton Head Island, SC. County Council must meet three times prior to making a final decision on this case. Please contact the County Planning Department at (843) 255-2140 for specific dates, times and location.

Documents related to the proposed amendment are available for public inspection between 8:00 a.m. and 5:00 p.m., Monday through Friday, in the Beaufort County Planning Department office located in Room 115 of the Beaufort County Administration Building. If you have any questions regarding this case, please contact the Planning Department at 255-2140.

Sincerely,

Delores Frazier
Assistant Planning Director
