DELINQUENT TAX SALE 2016 REPORT

Mrs. Maria Walls, Beaufort County Treasurer, gave an overview of the Delinquent Tax Sale, current finances, and tax collections. There were 649 parcels, totaling $783,908 in taxes due, sent to auction, and 357 parcels sold at a total bid collection amount of $15,682,814. That is a total overage amount of $15,078,906. Cash on hand at present is as follows: $66,587,813 unrestricted and $79,072,310 restricted. The collection rate for tax year 2015 is 97.98%.

Mrs. Walls stated over the last few months, the Treasurer’s Office has received numerous complaints concerning motor vehicle billings. The Auditor’s Office has failed to assign the correct millage to thousands of vehicles. The Treasurer’s Office performed a review through August 2016 in which 12,192 (4,615 overpaid and 6,626 underpaid) were incorrectly billed. There is $119,172,740 in vehicle market value that is not being taxed appropriately. Revenues have been incorrectly dispersed because the revenues billed are not correct. She requested Council ask Administration to review the tax data periodically. It needs to be right for the people of this County. She asked Council to provide guidance on the taxation process.

PUBLIC COMMENT

The Chairman recognized Mr. Charlie Smalls, a Daufuskie Island resident, who thanked Council for all of its support over the last year. He thanked U.S. Congressman Mar, Sanford and State Senator Tom Davis for touring Daufuskie Island to see the devastation caused by Hurricane Matthew. There were more than 2,000 trees to clean up. The results of residents’ clean-up efforts have been astounding. It is hopeful that FEMA responds to Daufuskie Island. A mosquito problem exists on Daufuskie Island.

Due to the association of Agenda Items 10A and 10B, the Chairman declared that the two items be taken conjointly for purposes of a public hearing, discussion and action. Mr. Vaux recused himself, left the room, and was not present for any of the discussion. His law firm formerly represented the seller in this same matter.

The Chairman opened a public hearing beginning at 6:30 p.m. for the purpose of receiving public comment on a Comprehensive Future Land Use Map Amendment for five parcels (totaling approximately 125 acres -- R600 021 000 0002 0000, R600 021 000 004A 0000, R600 021 000 0194 0000, R600 021 000 0195 0000, and R600 021 000 0075 0000; known as Pepper Hall Plantation located on the north side of U.S. Highway 278 between the Okatie River and Graves Road from: Community Commercial and Rural for a total of approximately 33 acres fronting U.S. Highway 278 (R600 021 000 0195 0000 and a portion of R600 021 000 004A 0000) to Regional Commercial, and Rural for approximately 92 acres to Neighborhood Mixed Use (R600 021 000 0002 0000, R600 021 000 0194 0000, R600 021 000 0075 0000, and a portion of R600 021 000 004A 0000); and Comprehensive Southern Beaufort County Zoning Map Amendment for five parcels (totaling approximately 125 acres -- R600 021 000 0002 0000, R600 021 000 0194 0000, R600 021 000 0195 0000, and R600 021 000 0075 0000; known as Pepper Hall Plantation located on the north side of U.S. Highway 278 between the Okatie River and Graves Road from: T2-Rural Zoning for approximately 33 acres fronting U.S. Highway 278 (R600 021 000 0195 0000 and a portion of R600 021 000 004A 0000) to C5 Regional Center Mixed Use, and T2-Rural Zoning for approximately 92 acres to C3 Neighborhood Mixed Use (R600 021 000 0002 0000, R600 021 000 0194 0000, R600 021 000 0075 0000, and a portion of R600 021 000 004A 0000). After calling once for public comment, the Chairman recognized Mr. Barry Johnson, lawyer, representing the Graves Family, who thanked Council for its cooperative spirit as well as staff in answering the array of questions. At second reading, a Council member inquired about the Graves Family’s position on the zoning before Council. Despite all of the work, the zoning before Council is not likely to work for the Graves Family. However, what would work is C5 on the 33 acres fronting U.S. Highway 278 and C4 on the 92 acres.

Mr. Reed Armstrong, South Coast Project Manager, S.C. Coastal Conservation League, expressed the support of the Coastal Conservation League for the Comprehensive Future Land Use Map amendment and the Comprehensive Southern Beaufort County Zoning Map Amendment before Council. This support is a reasonable compromise for the Pepper Hall Plantation property. He is pleased that the Community Development Code provided a means for this long-lasting issue. As development plans for this property come along, there are details that will require close monitoring due to the impacts on neighboring communities. These include issues such as connective streets, open space, stormwater management, and land use.

After calling twice more for public comment and receiving none, the Chairman declared the hearing closed at 6:39 p.m.

It was moved by Mr. Flewelling, as Natural Resources Chairman, no second required that Council approve on third and final reading a Comprehensive Future Land Use Map Amendment for five parcels (totaling approximately 125 acres -- R600 021 000 0002 0000, R600 021 000 004A 0000, R600 021 000 0194 0000, R600 021 000 0195 0000, and R600 021 000 0075 0000; known as Pepper Hall Plantation located on the north side of U.S. Highway 278 between the Okatie River and Graves Road from: Community Commercial and Rural for a total of approximately 33 acres fronting U.S. Highway 278 (R600 021 000 0195 0000 and a portion of R600 021 000 004A 0000) to Regional Commercial, and Rural for approximately 92 acres to Neighborhood Mixed Use (R600 021 000 0002 0000, R600 021 000 0194 0000, R600 021 000 0075 0000, and a portion of R600 021 000 004A 0000). The Chairman opened a public hearing beginning at 6:50 p.m. for the purpose of receiving information from the public regarding an Office of Justice Programs FY-2016 Edward Byrne Memorial Justice Grant (JAG) Program: local grant award in the amount of $54,160. This is a 100% federally funded grant in the amount of $54,160. It does not require a match and the grant funds will be used for the following: The objective of the 2016 JAG Grant project is for the Beaufort County Sheriff’s Office Records Management System (Spillman) to interface with the SLED Fusion Center via a direct electronic state link to the South Carolina Information Exchange (SCIEx) which is a searchable central database of participating agencies’ incident reports, supplemental reports, and field interviews which enables law enforcement officers, investigators, and analysis across the state to mine and investigate criminal cases, identify and predict crime trends, and garner intelligence on potential terrorist threats and/or activities. This project will address hardware, software and license issues necessary to obtain access to an information-sharing database for South Carolina called the South Carolina Information Exchange (SCIEx). After calling three times for public comment and receiving none, the Chairman declared the hearing closed at 6:51 p.m.

MATTERS ARISING OUT OF EXECUTIVE SESSION

PROCLAMATION DECLARING PUBLIC HEALTH EMERGENCY / STATE OF EMERGENCY AS A RESULT OF HURRICANE MATTHEW

The Chairman issued a Proclamation declaring a Public Health Emergency / State of Emergency due to Hurricane Matthew.

It was moved by Mr. Rodman, seconded by Mr. Flewelling, that Council ratify and endorse a Proclamation declaring a public health emergency as a result of Hurricane Matthew. The vote: YEAS- Mrs. Bensch, Mr. Caporale, Mr. Dawson, Mr. Flewelling, Mr. Fobes, Mrs. Howard, Mr. Rodman, Mr. Sommerville, Mr. Stewart, and Mr. Vaux. NAYS - Mr. McBride. The motion passed.

MOTION TO EXTEND BEYOND 8:00 PM

It was moved by Mr. Fobes, seconded by Mrs. Howard, that Council extend beyond 8:00 p.m. The vote: YEAS – Mrs. Bensch, Mr. Caporale, Mr. Dawson, Mr. Flewelling, Mr. Fobes, Mrs. Howard, Mr. Rodman, Mr. Sommerville, Mr. Stewart and Mr. Vaux. NAYS – Mr. McBride. The motion passed.

PUBLIC COMMENT

Mr. Pat Parkinson, President, Callawassee Island Property Owners Association, thanked Council for the proclamation declaring a public health emergency as a result of Hurricane Matthew. Callawassee Island currently has 20,000 cubic yards of storm debris lining the roads, providing difficulty for emergency services to get to our residents. He thanked all County Government leaders who coordinated evacuation and return, as well as Congress and County Administration.

Mr. Ted Bartlett, a resident of Dataw Island, thanked Council for the proclamation declaring a public health emergency due to Hurricane Matthew. The possibility that FEMA would exclude private communities from a program that private communities help fund, is inexcusable. Dataw Island has enough debris to fill up the Administration Building twice over.

Mr. Chris Assaf, representing the Fripp Island Property Owners Association, thanked Council for the proclamation declaring a public health emergency due to Hurricane Matthew and thanked for the assistance with the removal of white goods. The property owners on Fripp Island need Council’s support.
UPDATE / HURRICANE MATTHEW RECOVERY

Mr. Eric Larson, Division Director–Environmental Engineering, presented Beaufort County’s new Disaster Recovery website that will serve as a one-stop portal for residents, businesses and municipalities to gain information about services available to them in the aftermath of Hurricane Matthew. Visit the website at www.beaufortcountydisasterrecovery.net

Mr. Gary James, County Assessor, provided a spreadsheet on damage assessment through October 24, 2016.

2. Introduction of Russell Baxley, President and CEO / Beaufort Memorial Hospital and Hurricane Matthew Recovery

Notification: To view video of full discussion of this meeting please visit http://beaufort.granicus.com/ViewPublisher.php?view_id=2

Discussion: Mr. Russell Baxley, President and CEO, Beaufort Memorial Hospital, was hired September 12, 2016. He is from Johnsonville, South Carolina. He received his Bachelor of Science degree in microbiology from Clemson University and Master of Healthcare Administration from the University of South Carolina. He most recently served as CEO of Lancaster Regional Medical Center in Lancaster, Pennsylvania.

Timeline of Hurricane Matthew:
October 4 Governor Haley issued an evacuation notice.
October 4 / October 5 DHEC approved the hospital request to shelter in place. Staff began working to reduce the census from 113 patients to 60. The hospital could safely house approximately 60 patients, sufficient supplies, and generator power for eight to nine days. Approximately 80 to 100 staff worked around the clock until after the mandatory evacuation was lifted.
October 5 staff worked the census down to 90 patients.
October 6 staff continued working the census down to 60 patients. Storm surge continued to be an issue. Hospital declared closed at approximately 4:00 p.m.
October 6 / October 7 staff evacuated approximately 70 patients, plus several nurses, over a 12-hour period, to various hospitals – McCleodHealth, Clarendon Memorial Hospital, Aiken Regional Medical Center, AnMed Health Medical Center, and Self Regional Healthcare.
Operated on generator power for approximately 22 hours.
October 9 hospital reopened at 12:00 noon.

ACTION ITEM

1. 30-Day Extension of Tax Bill Payments

Notification: To view video of full discussion of this meeting please visit http://beaufort.granicus.com/ViewPublisher.php?view_id=2

Discussion: Mrs. Maria Walls, Treasurer, presented to the Committee the protocol for a 30-day extension of tax bill payments. If Council decided to move forward with a 30-day extension of tax bill payments, it would require approval of a resolution by County Council, then the Treasurer would submit a letter to the South Carolina Department of Revenue (DOR) requesting the extension be granted.
Mrs. Walls stated a 30-day extension would not be detrimental to the organization or any other taxing authorities. Approval of the extension would not eliminate a penalty. It would delay the January 15 penalty until February 15, meaning both penalties would be due at the same time. In addition, if approved, the print vendor would have to alter the tax bill where it identifies the penalty dates. This task would take 48 hours. Subsequent to that turnaround time, BB&T would need to retest the Lockbox Facility used to scan and process payments from a three-date penalty to a two-date penalty, which would take no more than ten business days.

**Motion:** It was moved by Mr. Flewelling, seconded by Mr. Caporale, that Committee approve and recommend Council adopt a resolution to authorize the County Treasurer to take all necessary action to seek approval from the South Carolina Department of Revenue for a 30-day extension from penalties delineated within South Carolina Code Ann. 12-45-180(a). The vote: YEAS – Mrs. Bensch, Mr. Caporale, Mr. Fobes, Mr. Flewelling, Mr. McBride, Mr. Rodman and Mr. Stewart. The motion passed.

**Recommendation:** Council adopt a resolution to authorize the County Treasurer to take all necessary action to seek approval from the South Carolina Department of Revenue for a 30-day extension from penalties delineated within South Carolina Code Ann. 12-45-180(a).

2. **Financial Impact of Hurricane Matthew**

**Notification:** To view video of full discussion of this meeting please visit [http://beaufort.granicus.com/ViewPublisher.php?view_id=2](http://beaufort.granicus.com/ViewPublisher.php?view_id=2)

**Discussion:** Mr. Joshua Gruber, Deputy County Administrator / Special Counsel, provided the Committee with an update on current cash positions and provided an overview of a graph outlining Beaufort County's total cash position from July 2015 to August 2016. The County has issued several contracts (estimated cost of $10 million) related to debris management and response due to Hurricane Matthew. We are hoping a substantial portion will be reimbursed by FEMA. If we are eligible to use FEMA's pilot program, we would be reimbursed at 87% of all work done within the first 30 days, 82% for work done between 30 to 90 days, and 75% thereafter. Historically, the General Assembly has reimbursed counties for the unreimbursed portions.

Mrs. Alicia Holland, Assistant County Administrator–Finance, stated in conversations with the Treasurer regarding the cash flow, she feels Beaufort County will be fine. Beaufort County has a $10 million line of credit available through Bank of America, if needed.

Mr. Gruber informed the Committee that after Hurricane Matthew, a request was made to the State asking that we be allowed to use our own contractor for debris cleanup since they were already on-site, instead of waiting for the State contractor to clean up the debris from the State roadways. The State denied the request due to the inability to differentiate between debris being picked up from County roadways versus State roadways. The County Administrator, at that
time, made the decision to take on the responsibility for the State roadways, since we could respond to it the fastest. Member of the Legislative Delegation have been informed of the matter.

Mr. Gruber provided the Committee with information on the three permitted debris sites--Bluffton at Pinckney Point, St. Helena Island at Henry Sod Farm, and Lobeco at Isley Farm. The Bluffton and the St. Helena sites have been approved for Air Curtain Destruction and the Lobeco site has been approved for grinding of the vegetation.

3. **Third and Final Reading of $51,000,000 General Obligation Bond**

**Notification:** To view video of full discussion of this meeting please visit [http://beaufort.granicus.com/ViewPublisher.php?view_id=2](http://beaufort.granicus.com/ViewPublisher.php?view_id=2)

**Discussion:** Committee Chairman Jerry Stewart stated this item is on today’s County Council agenda for third and final reading.

Mr. Joshua Gruber, Deputy County Administrator / Special Counsel, reviewed with the Committee the effects this bond issues would have on millage. Of the $51 million, the portions that are attributable to the Rural and Critical Lands Program and Stormwater Management, do not affect the County’s debt millage. The other remaining portions would. Our current available debt capacity, under that calculation, is approximately $50 million.

**Status:** Information only.

1. **Allocation of $140,000 / Appropriations Act for FY 2016-2017: Proviso 50.13 Local Economic Development Alliances Funds**

**Notification:** To view video of full discussion of this meeting please visit http://beaufort.granicus.com/ViewPublisher.php?view_id=2

**Discussion:** Mr. Stephen Murray, Chairman of the Economic Development Corporation, presented this item to the Committee. The Beaufort Digital Corridor and Don Ryan Center for Innovation will simultaneously develop complementary projects that address a twofold strategy vital to the overall economic health of the county, regions and state that involves: (i) recruiting and developing new companies and (ii) growing businesses from within to retain talent. These innovations centers have been initiated by municipalities – City of Beaufort and Town of Bluffton – the impact will be countywide with no jurisdictional lines evident beyond the addresses of the physical sites where these centers are located, and the critical operating support and investment provided by the two municipalities to ensure sustainability of these projects they have cultivated.

The request before Committee is to consider using the $140,000 allocated for Beaufort County in the Appropriations Act for FY 2016-2017: Proviso 50.13 Local Economic Development Alliances Funds -- for economic development to further the Beaufort Digital Corridor or the Don Ryan Center for Innovation incentives.

**Motion:** It was moved by Mr. Flewelling, seconded by Mr. Caporale, that Committee approve and recommend to Council using the $140,000 allocated for Beaufort County in the Appropriations Act for FY 2016-2017: Proviso 50.13 Local Economic Development Alliances Funds for economic development in furtherance of the Beaufort Digital Corridor or the Don Ryan Center for Innovation incentives. The vote: YEAS – Mr. Caporale, Mr. Dawson, Mr. Flewelling, Mrs. Howard, Mr. Sommerville, Mr. Stewart and Mr. Rodman. NAY – Mrs. Bensch. The motion passed.

Discussion: The Planning Commission is currently composed of nine members: four members who reside in northern Beaufort County, including the municipalities (one each from Sheldon Township, Port Royal Island, Lady’s Island, and St. Helena Island); four members who reside in southern Beaufort County, including the municipalities; and one at-large member who may reside anywhere in the County, including municipalities. There have been discussions of whether or not there is a better approach to the membership structure and the possibility of membership based on councilmatic districts. It was asked that staff bring forward a recommendation.

Status: Committee requested staff bring forward a recommendation to possibly amend the membership structure of the Planning Commission.

3. Text amendments to the Community Development Code: Overnight Parking of Trucks and Home Occupation

Notification: To view video of full discussion of this meeting please visit http://beaufort.granicus.com/ViewPublisher.php?view_id=2

Discussion: Mr. Tony Criscitiello, Planning Director, reviewed this item with the Committee.
Overnight Parking of Trucks

There have been issues and concerns relative to the parking of trucks on properties. Section 3.1.60, Consolidate Use Table and the language in Division 5.5: Off-Street Parking contradicts one another.

Home Occupation

There have been issues and concerns relative to use of Home Business. Table 44.2.20A: Table of Permitted Accessory Uses and the language in Section 4.2.80: Home Business was reviewed with the Committee. The language is intertwined and there is discussion of whether a caveat is needed to allow the parking of trucks in T2.

The Committee discussed this item and the possibility of including a 50 foot buffer condition was suggested. The Committee concurred with the creation of a specific use and asked that the Planning Commission weigh in.

Status: This item was sent to the Planning Commission for discussion and recommendation.

4. Environmental Protection Agency (EPA) Issue Regarding Kalama Chemical

Notification: To view video of full discussion of this meeting please visit http://beaufort.granicus.com/ViewPublisher.php?view_id=2

Discussion: Mr. Tony Criscitiello, Planning Director, reviewed with the Committee the history relative to Kalama Specialty Chemicals Superfund Site (Site), located in Beaufort, South Carolina. The principal product manufactured at the Site was Krenite, an herbicide made under contract with DuPont Company. Wastes from the Site included wastewater, composed of cooling water, runoff, boiler blowdown and pump seal leakage and spillage disposed of on site, and other non-aqueous and organic wastes, which companies disposed of at approved off-site incineration or disposal facilities. Mr. Criscitiello briefed the Committee on a laboratory equipment fire at the facility in 1979, the ongoing analyses of the site soils and the institutional controls put in place at the site. These controls are in the form of restricting the use of groundwater on the following parcels R100 020 000 0091 0000 and R100 020 000 0089 000.

Status: Information only.
5. Hurricane Matthew Recovery Functions

Notification: To view video of full discussion of this meeting please visit http://beaufort.granicus.com/ViewPublisher.php?view_id=2

Discussion: Mr. Tony Criscitiello, Planning Director, reviewed with the Committee the Planning Departments Recovery Functions: Function #13 Temporary Housing and Function #16 Environmental Preservation and Restoration.

Mr. Eric Larson, Division Director–Environmental Engineering, provided the Committee with a briefing covering the following areas: Debris Management, Damage Assessment, Utilities Update, Donations and Volunteers, Finance and FEMA Documentation, Shelters and PODs, Schools, Animal Shelter, Mortuary Services, Chamber of Commerce, Temporary Housing, Communications, and the municipalities. A handout was provided to the Committee that outlined the same.

Mr. Gary James, Assessor, provided the Committee with a Damage Assessment Report. A handout was provided to the Committee that outlined the same.

Status: Information only.

6. Off Agenda / Planning Department Bulletin Board

Notification: To view video of full discussion of this meeting please visit http://beaufort.granicus.com/ViewPublisher.php?view_id=2

Discussion: Committee Chairman Brian Flewelling asked for an update on the creation of an online interactive bulletin board for the function of the Planning Department.

Mr. Tony Criscitiello, Planning Director, stated the creation is still in the works and will be reviewed by the Committee in the near future.

Status: Information only.

7. Consideration of Reappointments and Appointments / Zoning Board of Appeals

Notification: To view video of full discussion of this meeting please visit http://beaufort.granicus.com/ViewPublisher.php?view_id=2

Status: This item will be taken up at the next meeting of the Natural Resources Committee.

SUBJ: Contract Award Recommendation for IFB# 071416HXD: Runway 21 Extension and Taxiway F Infield Drainage Improvements

DATE: October 17, 2016

BACKGROUND: Beaufort County issued an Invitation to Bid (IFB) to contractors capable of providing the requisite services associated with the extension of Runway 21 and improvements to the drainage system that parallels Taxiway F. This project is being executed in accordance with the Hilton Head Island Airport Master Plan Phase I Implementation as directed by Beaufort County and Town of Hilton Head Councils in 2010.

Bids were received and reviewed by airport staff and consultants and it was determined that Quality Enterprises USA, Inc., was the lowest responsible/responsive bidder.

VENDOR INFORMATION:
Quality Enterprises USA, Inc. Chesapeake, VA (sole bidder)

COST: $10,364,389

CONSTRUCTION ADMIN, RESIDENT PROJECT REPRESENTATIVE:
Talbert, Bright, and Ellington, Charlotte, NC
(Construction Admin, Quality Control, Resident Project representative, 18-B As-Built Survey)

COST: $1,063,605

Total: $11,427,924

FUNDING: 90% via FAA AIP Grant 39, 5% through SCAC Grant (pending), and 5% via Hilton Head Island Airport Capital Projects Fund.

FOR ACTION: Finance Committee meeting occurring November 7, 2016.

RECOMMENDATION: The Finance Committee approve and recommend to County Council the contract award to Quality Enterprises USA, Inc., to perform the required construction services for a total cost of $10,364,389 and the construction administration fee of $1,063,605 to Talbert, Bright, and Ellington.

- **D-705** PAVEMENT EDGE STRIP DRAIN
- Quantity: 4,250 LF
- Unit Price: $8.50
- Extended Total: $36,125.00

### Item 42
- **D-705** 6-INCH PVC SUBGRADE UNDERDRAIN PIPE, SCHEDULE 80
- Quantity: 2,375 LF
- Unit Price: $36.00
- Extended Total: $85,500.00

### Item 43
- **D-705** 4-INCH PVC STRIP DRAIN COLLECTOR PIPE, SCHEDULE 80
- Quantity: 1,335 LF
- Unit Price: $30.00
- Extended Total: $40,050.00

### Item 44
- **D-705** 6-INCH PVC SUBGRADE UNDERDRAIN COLLECTOR PIPE, SCHEDULE 80
- Quantity: 475 LF
- Unit Price: $38.00
- Extended Total: $17,100.00

### Item 45
- **D-705** 4-INCH STRIP DRAIN CLEANOUT
- Units: 11 EA
- Unit Price: $1,235.00
- Extended Total: $13,585.00

### Item 46
- **D-705** 6-INCH SUBGRADE UNDERDRAIN CLEANOUT
- Units: 4 EA
- Unit Price: $1,400.00
- Extended Total: $5,600.00

### Item 47
- **D-751** 4' X 4' STORM DRAIN GRATE INLET
- Units: 5 EA
- Unit Price: $4,100.00
- Extended Total: $20,500.00

### Item 48
- **D-751** 5' X 5' STORM DRAIN JUNCTION BOX
- Units: 1 EA
- Unit Price: $17,900.00
- Extended Total: $17,900.00

### Item 49
- **D-751** LOWER EXISTING STORM DRAIN JUNCTION BOX
- Units: 1 EA
- Unit Price: $2,100.00
- Extended Total: $2,100.00

### Item 50
- **D-752** CONCRETE PIPE COLLAR
- Units: 3 EA
- Unit Price: $1,600.00
- Extended Total: $4,800.00

### Item 51
- **D-752** TRIPLE PIPE CONCRETE HEADWALL
- Units: 1 EA
- Unit Price: $33,500.00
- Extended Total: $33,500.00

### Item 52
- **F-162** REMOVE EXISTING FENCE
- Quantity: 1,365 LF
- Unit Price: $9.00
- Extended Total: $12,285.00

### Item 53
- **F-162** 6-FOOT HIGH CHAIN LINK FENCE WITH 3 STRANDS BARBED WIRE
- Units: 1 EA
- Unit Price: $710.00
- Extended Total: $710.00

### Item 54
- **L-105** REMOVE EXISTING GUIDANCE SIGN AND BASE
- Units: 5 EA
- Unit Price: $710.00
- Extended Total: $3,550.00

### Item 55
- **L-105** REMOVE EXISTING GUIDANCE SIGN BASE
- Units: 2 EA
- Unit Price: $595.00
- Extended Total: $1,190.00

### Item 56
- **L-105** REMOVE EXISTING TAXIWAY EDGE LIGHT
- Units: 108 EA
- Unit Price: $900.00
- Extended Total: $97,200.00

### Item 57
- **L-105** REMOVE EXISTING RUNWAY EDGE LIGHT
- Units: 20 EA
- Unit Price: $180.00
- Extended Total: $3,600.00

### Item 58
- **L-105** REMOVE EXISTING RUNWAY THRESHOLD LIGHT
- Units: 16 EA
- Unit Price: $215.00
- Extended Total: $3,440.00

### Item 59
- **L-105** REMOVE EXISTING 4-UNIT PAPI, COMPLETE
- Units: 1 LS
- Unit Price: $3,550.00
- Extended Total: $3,550.00

### Item 60
- **L-108** CABLE TRENCH
- Quantity: 14,875 LF
- Unit Price: $2.00
- Extended Total: $29,750.00

### Item 61
- **L-108** 1/C, #6 BARE COPPER COUNTERPOISE, INCLUDING GROUND RODS AND GROUND CONNECTORS
- Quantity: 14,875 LF
- Unit Price: $2.10
- Extended Total: $31,237.50

### Item 62
- **L-108** 2-INCH, SCHEDULE 40 PVC CONDUIT IN GRASSED AREAS
- Quantity: 14,615 LF
- Unit Price: $3.40
- Extended Total: $49,691.00

### Item 63
- **L-108** 4-INCH, 4-WAY CONCRETE ENCASED UNDERGROUND DUCT
- Quantity: 1,275 LF
- Unit Price: $65.00
- Extended Total: $82,875.00

### Item 64
- **L-861T** BASE MOUNTED MEDIUM INTENSITY TAXIWAY EDGE LIGHT - LED LAMP
- Units: 108 EA
- Unit Price: $900.00
- Extended Total: $97,200.00

### Item 65
- **L-862** BASE MOUNTED MEDIUM INTENSITY LED RUNWAY EDGE LIGHT - YELLOW/CLEAR LENS
- Units: 20 EA
- Unit Price: $1,900.00
- Extended Total: $38,000.00

WORK AUTHORIZATION 16-02
October 6, 2016
PROJECT NO.: TBI NO. 2119-1602

It is agreed to undertake the following work in accordance with the provisions of our Contract for Professional Services.

**Description of Work Authorized:** Construction administration services and inspection for the Extension of Runway 21 and Taxiways ‘A’ and ‘F’, Taxiway ‘F’ Infield Drainage Improvements, removal of trees along the west side of the Airport in various locations, re-alignment of the existing Hilton Head PSD sewer force main, and the demolition of the structures at 154 Beach City Road and 160 Beach City Road. Services in include:

- **Construction Administration** – this includes providing professional construction contract administration services during the construction contract. This includes conduct Preconstruction Conference and transmit meeting minutes, review of submittals/shop drawings, site visits during construction, conduct progress meetings and transmit meeting minutes, answer questions and review Contractor change requests during construction, process Contractor pay requests during construction, conduct final inspection and transmit punch list items, prepare record drawings and coordinate final improvements with FAA, final Engineer’s Report, project closeout documents.

- **Quality Assurance Testing** – this includes subconsultant providing materials testing services required by the FAA during construction for quality assurance and acceptance. This primarily includes testing of soils for moisture and compaction, compressive strength of concrete placed during construction, testing of crushed aggregate base course for moisture and compaction, and testing of asphalt pavements.

- **Resident Project Representative** – this includes providing resident project representative (construction observation) services required by the FAA during construction. This primarily includes providing a full-time resident construction observer while the Contractor is onsite working to observe the Contractor’s work activities and finished work. This project also has nighttime runway closures from 9pm-6am for all work within the runway safety area. A second-shift resident construction observer will be present when the Contractor is working during these scheduled nighttime runway closures to observe the Contractor’s work activities and finished work, and to verify that the runway can be re-opened to air traffic each morning after a scheduled runway closure. The resident construction
observer will also verify quantities of completed work by the Contractor that are eligible for inclusion on each Contractor pay request.

- **Phase I 18B Survey** – this includes one survey completed in accordance with FAA AC 150/5300-18B. This survey will be an as-built survey of the approach surfaces (20:1 and 30:1 combination to the proposed Runway 21 and Runway 3 landing thresholds) for new instrument approach procedure development by the FAA Flight procedures office. An AutoCAD file will be provided of the completed as-built survey and the required statement of work, imagery files, and data files will be uploaded upon completion to the FAA AGIS website in accordance with FAA AC 5300-18B.

**Estimated Time Schedule:** Work shall be completed in accordance with the schedule established and agreed upon by the Owner and Engineer.

**Cost of Services:** The method of payment shall be in accordance with Article 6 of the Master Contract. The basic services work shall be performed in accordance with the Master Contract as a lump sum of $182,066.05, which includes reimbursable expenses. Special Additional Services shall be performed as listed below with a budget of $881,538.00. The total value of this Work Authorization shall not exceed $1,063,604.05 without additional authorization

Project Summary

• Beaufort County contracted with Arthur J. Gallagher Human Resources & Compensation Consulting to conduct a classification and compensation study covering all County classifications.

• The objectives of the study were to:
  - Develop an updated classification structure and position descriptions
  - Evaluate all classifications to ensure internal equity
  - Assign jobs to the correct pay grade based on duties and responsibilities
  - Collect market salary and organizational data
  - Develop a salary structure that is internally equitable and externally competitive
Project Summary

• The project consisted of five phases:
  - Classification and compensation strategy
  - Classification study
  - Job evaluation study
  - Compensation study
  - Final report
Classification and Compensation Strategy

• Presented project to employees and management
• Reviewed current systems to understand issues and needs
• Developed the approach and strategy for the project, which included:
  - Moderately broad classification structure
  - Use of the Decision Band™ Method (DBM) job evaluation methodology
  - Use of market salary and organizational data from comparable local and regional organizations representing the public and private sector
Classification Study

- Reviewed all position description questionnaires (PDQs) completed by County employees
- Interviewed County leadership and selected employees to:
  - Understand classification concerns
  - Ensure our understanding of the functional area, levels of responsibilities, and job duties
- Developed a classification structure covering all County positions that included:
  - Classification Series
  - Classification Titles
  - Levels within each Classification Series
  - DBM Grade
  - Nature of Work
  - Minimum Qualifications
- 149 classifications were created for all County positions, reduced from 266 unique job titles
Classification Study

• The PDQs were continually referenced as the basis for the analysis.
• The classification structure and allocation of employees have been reviewed with County leadership for feedback.
Job Evaluation Study

- Apply a job evaluation methodology to all jobs for:
  - Internal equity
  - Assignment to pay grades
  - Allocation of employees to correct job titles and pay grade

- Purpose of Job Evaluation
  - Establishes a job value hierarchy
  - Helps to grade a new or changed job

- Evaluate all proposed job classifications utilizing the Decision Band™ Method under the primary criteria:
  - Decision making
  - Supervision
  - Complexity and difficulty of job responsibilities
Job Evaluation Study

Step 1: Determine appropriate band

- **Band A** defined: Determine manner and speed to perform defined steps of an operation
- **Band B** operational: Determines how and when to perform steps of processes
- **Band C** processing: Develops and Selects appropriate process to accomplish operations of programs
- **Band D** interpretive: Interprets programs into operational plans and deploys resources
- **Band E** programming: Plans strategies, programs and allocates resources to meet goals
- **Band F** policy: Organization scope, direction, and goals

Step 2: Determine appropriate grade

Grade Assignment
- Jobs with coordinating or supervisory responsibility within the same band are placed in the higher grade
- Jobs without this responsibility within the same band are placed in the lower grade

Step 3: Determine appropriate subgrade

- **Primary Criteria**: Job Difficulty
  - **Is affected by**: Task Complexity, Task Occurrence
    - **Is determined by**: Number of Tasks, Diversity of Tasks, Task Frequency, Percent of Time
Compensation Study – Survey Process

• Select benchmarks – Identified 46 classifications among the proposed 149 classifications (meets the 30% of job titles with market data requirement for a valid salary structure).
• Developed a customized data collection instrument
• The Data Collection Form was distributed to comparable organizations in the South Carolina and northeast Georgia area.
• Follow-up calls and emails were made to encourage survey participation.
Compensation Study – Market Data

• In addition to the custom survey, we collected market data from published survey sources and local governments for the 45 positions:
  - Towers Watson Surveys
  - Mercer Surveys
  - Economic Research Institute
  - MRA Salary Surveys

• The positions from the survey sources that we matched to the benchmarks reflected at least 70% of the duties as outlined in the classification summaries

• We referenced market data from the closest geographic area and comparable government or public sector data cuts

• Salary data were adjusted for the Beaufort, SC labor market using data from the Economic Research Institute Geographic Assessor, and aged to January 1, 2017.

• We received completed surveys from 13 organizations in bold, which meets our 50% participation goal.
Compensation Study – Survey Process

• We asked the participants to match those jobs that reflected at least 70% of the duties as outlined in the benchmark summaries.
• We compiled, reviewed and entered the data collected from participants.
• We followed-up directly with the participants to clarify and validate missing or questionable information reported.
Compensation Study – Market Data

- We follow the U.S. Department of Justice and Federal Trade Commission guidelines that state five job matches should exist per job in order to conduct statistical analyses or for drawing conclusions.
- Data collected for all but 9 positions matched this criteria.
- The positions which lacked sufficient data from the custom survey included:
  - Recreation Supervisor
  - Recreation Aide
  - Library Director
  - Human Services Analyst
  - Library Manager
  - Librarian
  - Assessing Technician
  - Training Specialist
  - Human Services Manager
- In addition, we did not find sufficient data for the maintenance specialties of Plumber, Carpenter, Locksmith, and Painter.
Compensation Study – Market Data

• Through the additional data in the published survey sources, we found sufficient market data for all benchmark positions and maintenance specialties.
Compensation Study – Market Data

• For each benchmark comparison, the percentage difference has been calculated between the County actual/average pay and the market in terms of the County’s salary:
  - Positive (+) figure indicates that the County pays above the market
  - Negative (-) figure indicates that the County pays below the market

• The following guidelines are used when determining the competitive nature of current actual compensation:
  - +/- 5% (Highly Competitive)
  - +/- 10% (Competitive)
  - +/- 11-15% (Possible misalignment with the market)
  - > 15% (Significant misalignment with the market)
Compensation Study – Market Data

- Overall comparison between the County and the market:

<table>
<thead>
<tr>

- The County’s actual salary is considered *Competitive* with the target market of the 50th percentile.
- Based on the consistency of the results, we recommend the County utilize the combined market 50th percentile as the basis for the new salary structure. This will ensure competitiveness with the public and private sector labor markets.
Compensation Study – Salary Structure

• We combined the market data with the DBM evaluations to develop a salary structure through regression analysis.

• The following graph shows the scatter of the salary rates for the benchmark jobs including the two data sets:
  - County’s actual salary
  - Market 50\textsuperscript{th} Salary Rate

• The trend line (line of best fit) of each data set provides a visual recognition of the overall difference between the County’s actual pay and the market salary rate, which confirms the high competitiveness of the County’s overall actual pay to the market 50\textsuperscript{th} percentile salary rate.
The overall trend of actual pay at the County is consistent with the market, and the R2 value of 0.92 represents a high correlation of the internal equity ratings and the market value. This helps to validate the DBM ratings.

\[ y = 12.148x + 12145 \]

Compensation Study – Salary Structure

• By utilizing a combination of the market data and the job evaluation results, we are proposing a salary structure that is competitive with the market and internally equitable.

• We examined two possible salary structures:
  - Midpoints based on the market 50th percentile trend line
  - Midpoints based on the market structure midpoint trend line

• Based on the average market salary range spread of 55%, which as also consistent across most benchmark jobs, we have used a flat range spread of 55% for all salary ranges.
Compensation Study – Salary Structure

Market Midpoint v. Market Median Salary

The lines below show the trend lines for the market median (actual/average salaries) and the market salary structure midpoint.

Based on the trend comparisons of the market median and market midpoint, we recommend basing the structure on market midpoint trend line. The trend lines are very comparable in bands D and E, while the market median trend line lags the market midpoint significantly in bands A & B.

If a structure is based on the market median the proposed structure minimum and maximum would be misaligned with the market, and not meet the goal of a salary structure that is competitive with the full spectrum of the market.
With the proposed structure based on the market midpoint, the proposed minimums and maximums (black line) will be highly competitive with the market minimums and maximums. This will ensure the County has the ability to compete with the full spectrum of the market.

With a salary structure midpoint based upon the market midpoint the target competitive point of the structure is on the midpoint rather than the maximum.

Compensation Study – Implementation

• We examined the cost of three implementation methods for the proposed salary structure, and determined that the method below meets the needs of the County. Therefore, we recommend the following:
  
  - **Years of Service** – using the estimated years of service in the current job title provided by Employee Services we move all employees to the appropriate implementation step of the salary structure
Compensation Study – Implementation

- The overall cost to place all employees on the step in the proposed salary range based upon years of service in their current job title:

<table>
<thead>
<tr>
<th>Total No. of Employees:</th>
<th>Salary Below Proposed Step</th>
<th>Salary Over Proposed Step</th>
</tr>
</thead>

<tr>
<td>Total Cost (Annual):</td>
<td>$2,870,031</td>
<td>Over Maximum</td>
</tr>
<tr>
<td>% of Overall Salary Cost:</td>
<td>8.8%</td>
<td>5</td>
</tr>
</tbody>
</table>

- Placement is based on one year in current job per step up to the midpoint of the salary range.
  - The minimum to midpoint range was selected by taking into account the County budget, sound compensation principles, and consideration of the future growth of salaries. This approach allows the County flexibility and room to grow.

- Based on the funds available, County would implement 70% of proposed increase to step amount for all other staff in study, for a total cost of just over $2 million.
Recommendation

- Adopt the proposed classification structure that allows flexibility and transparent potential career paths.
- Utilize the Decision Band™ Method to evaluate positions to ensure internal equity.
- Implement the proposed salary structure to ensure competitive salary ranges for the recruitment and retention of employees per the determined implementation method.

- Based on funds and goals of the County, we recommended the “Years of Service Method”. This will achieve a competitive salary structure, bringing employees to the minimum, and moving long-term employees through the salary range.
- Due to the 70% implementation amount, there is approximately $800,000 of salary increases remaining to achieve full implementation.
Recommended Administration

- Pay administration guidelines should be implemented for placing and moving employees through the structure, we recommend the following:
  - The hiring range should be from the range minimum for minimally acceptable qualified individuals to the first quartile (25th percentile) for well qualified individuals.
  - Appointment above the first quartile or midpoint should require the approval of Management.
  - Salary advancement through the structure should be based on competent performance in the job class.
  - The salary structure should be adjusted by a structure movement trend factor every year to remain competitive with the market.
  - In addition to adjusting the salary structure each year to keep pace with the market, the County should conduct a comprehensive market compensation study similar to the salary study part of the project at least every three years.
  - The County should annually review its internal alignment and classification of jobs to ensure proper leveling between the supervisors and managers.
RESOLUTION 2016-___

A RESOLUTION OF BEAUFORT COUNTY, SOUTH CAROLINA ADOPTING A CLASSIFICATION STRUCTURE THAT UTILIZES THE DECISION BAND™ METHOD TO EVALUATE POSITIONS

WHEREAS, Beaufort County Council retained Gallagher Benefit Services, Inc. to complete a Classification and Compensation Study; and

WHEREAS, the overall goals of the study are to ensure internal equity between job classifications within the County’s organization so that there is equal pay for equal work as much as practicable, and, to develop an externally competitive salary structure and program so that the County can attract and retain qualified and quality employees; and

WHEREAS, the study included reviewing, updating and preparing new Job Descriptions for all County job classifications.

NOW, THEREFORE, BE IT RESOLVED by Beaufort County Council, that Gallagher Benefit Services, Inc.’s Classification and Compensation Study Report is hereby accepted and adopted as a tool for the County’s policy and system with respect to personnel classification and compensation.

RESOLUTION 2016 /

A RESOLUTION REQUESTING THAT THE PRESIDENT OF THE UNITED STATES OF AMERICA GIVE FAVORABLE CONSIDERATION TO ESTABLISHING A NATIONAL MONUMENT IN BEAUFORT COUNTY, SOUTH CAROLINA TO REMEMBER THE RECONSTRUCTION ERA

WHEREAS, Beaufort County is the home to many historical activities and sites that defined the Reconstruction Era including:

1. The November 7, 1861 Battle of Port Royal that freed 10,000 slaves.
2. The Port Royal Experiment started in 1862 at Camp Saxton in response to first answer the question of how society should be reconstructed.
3. Mitcheville established in 1862 on Hilton Head Island as the first self-governed town in America that ushered in the “Dawn of Freedom” where formally enslaved people for the first time experience freedom; first built and managed their own town; and first established compulsory education in America.
4. The first Union Black Regiment formed in 1862 at Ft. Saxton.
5. Harriet Tubman, known as the “Conductor of the Underground Railroad,” arrived in 1862 and formed a contraband-based intelligence network that supported the Union Army.
6. The Emancipation Oak where the Emancipation Proclamation was first read in 1863.
7. The home of Robert Smalls, who escaped a life of enslavement by commandeering the Confederate Ship Planter to later become a member of the U.S. House of Representatives and author of state legislation providing for South Carolina to have the first free and compulsory public school system in the United States of America.
8. Penn and Mather Schools where recently freed slaves were educated. Dr. Martin Luther King wrote his “I have a Dream” speech at Penn Center.
9. The Brick Baptist Church, the most prominent surviving institution of the Reconstruction Era that is connected to Penn School.
10. The Old Beaufort Firehouse dating back to 1874; and

WHEREAS, Beaufort County is rich in Reconstruction history offering the exciting possibility of both a:

1. National Monument to be located at either Penn Center / Brick Baptist Church site or the Emancipation Oak / Ft. Saxton site;
2. National Historic Trail encompassing approximately 100 sites in Beaufort and the adjacent counties, and

WHEREAS, Beaufort County lies at the center of the Charleston to Hilton Head Island to Savannah coastal corridor that attracts approximately 20 million visitors annually, which forms a ready audience to hear and appreciate the Reconstruction story; and

WHEREAS, the National Park Service has yet to establish a historic site that focuses on the Reconstruction Era; and
WHEREAS, an extensive study, commissioned by the National Park Service, recently concluded that Beaufort County is the most appropriate place to tell the Reconstruction story; and

WHEREAS, then U.S. Secretary of Interior Bruce Babbitt in 2000 recommended that Beaufort County be the national site for telling the Reconstruction story; and

WHEREAS, U.S. Congressman James Clyburn introduced legislation in 2016 in the U.S. Congress, co-sponsored by U.S. Congressman Mark Sanford, to establish the Reconstruction Monument in Beaufort County.

NOW, THEREFORE, BE IT RESOLVED, that the County Council of Beaufort County hereby adopts a resolution requesting the President of the United States of America give favorable consideration to establishing a National Monument in Beaufort County to remember the Reconstruction Era.

Department of Commerce Economic Development Funding Request Proposal

Project Proposed for Beaufort County FY 2016-2017 Funds:
The Beaufort Digital Corridor (BDC) in northern Beaufort County and the Don Ryan Center for Innovation (DRCI) in southern Beaufort County will simultaneously develop complementary projects that address a two-fold strategy vital to the overall economic health of the county, region and state that involves: (1) recruiting & developing new companies; and (2) growing businesses from within to retain talent. The BDC and DRCI are both invested in spurring and nurturing entrepreneurship through innovation, employing compatible approaches with differently defined constituents in different geographic sectors of the county. The success of these ventures is tied to a symbiotic relationship with a local skilled workforce manifested through engagement in meaningful partnerships and relationships with our educational institutions including the University of South Carolina Beaufort, Technical College of the Lowcountry, Beaufort County Schools and Clemson University. Likewise, unique characteristics of the community, such as the military presence, provide entrepreneurial opportunities for meeting special supply/support services, while also creating opportunities to help military personnel transition into the private sector and stay in the community. Although these innovation centers have been initiated by municipalities—the City of Beaufort and the Town of Bluffton, respectively—the impact will be countywide with no jurisdictional lines evident beyond the addresses of the physical sites where these centers are located, and the critical operating support and investment provided by the two municipalities to ensure sustainability of these projects they have cultivated.

Appropriations Act for FY 2016-2017: Proviso 50.13 Local Economic Development Alliances (LEDA) Funds

- $140,000 allocated for Beaufort County; Department of Commerce Proviso 50.13 budget: $5,000,000
- Beaufort was the only county (non-alliance) with an allocation
- Funds available for draw down as of July 26, 2016
- At the end of the fiscal year, any unexpended, unallocated or undistributed funds in this line item of the Department of Commerce budget will be made available to other Regional Economic Development organizations or transferred to the Rural Infrastructure Fund; these do not carry over; counties are ineligible for requesting undistributed funds. Once the county (or alliance) has drawn down their allocated funds for a project, these do not have to be spent by the end of the fiscal year. (see reporting requirements below)

Disbursement & Draw Down Requirements:
- Planning Package including mission, goals, objectives and performance measures (Beaufort County)
- Project Summary
- Itemized Budget
  - Appropriated funds may NOT be used for operating costs (recurring costs, staff, benefits, rent, etc.)
- Financial Audit (Beaufort County)
- Statement of Non-Discrimination
- Certification of Matching Funds (1:1)*
  - Must be new, received, and with documentation accompanying the request for disbursement
  - Must be private funds; cash contributions for the purpose of matching this allocation & project
  - May NOT be loans, donations or gifts of assets such as land, nor multi-year commitments

*NOTE: A private match in the amount of $150,000 has been secured from Hargray Communications, payable to the City of Beaufort, and may be submitted as such as part of this Beaufort County Economic Development activity for FY 2016-2017 (per a representative for the Department of Commerce) if certified as new and intended for a match to this project.

Reporting:
- Quarterly Reports (by April 30, July 31, October 31, January 31) to the Department of Commerce until all appropriated funds have been expended.
- Annual Reports to the Chairman of Senate Finance, Chairman of House Ways & Means Committee and Secretary of Commerce (by November 1) until all appropriated funds have been expended.
- Reports may be provided by the City of Beaufort/Beaufort Digital Corridor and/or the Town of Bluffton/Don Ryan Center for innovation on behalf of this project and submitted to Beaufort County administration for review/disbursement.
Beaufort Digital Corridor: Incubator, Co-Working Space, Education & Networking for Technology Companies

The Beaufort Digital Corridor (BDC), modeled after the highly successful Charleston Digital Corridor (CDC), is slated to open later this year in the downtown commercial core of the City of Beaufort, in a redevelopment project site at 500 Carteret Street through a partnership between the City and Charleston Digital Corridor. BDC is being established as a 501(c)(6) non-profit corporation, utilizing the expert CDC staff to help meet five key objectives:

- Be the “go to” organization to support, nurture and recruit tech and creative companies to the City of Beaufort and northern Beaufort County
- Serve as a recruitment tool for high-tech and advanced skills workers and professionals
- Facilitate and enhance the education/training offerings to Beaufort’s professional and technical pool
- Participate in an advisory capacity to promote culture, history and quality of life in Beaufort County
- Be the focal point for guidance and direction for tech and creative students and entrepreneurs.

Dubbed “BASEcamp,” the space will house 10 fully furnished & wired offices ranging from 75-100 square feet each; month-to-month lease terms with one-year maximum stay; staffed reception area; 24-hour access; monthly co-working memberships; access to the conference room with a/v capacity; temporary “touchdown” workstations for members; kitchen; corridor bikes for residents’ use; mail/package handling; on-site parking and high-speed 100mb symmetric data services that can be scaled as needed. It will also be the host site of educational & social programs and events for in-house companies and other BDC members, as well as the community at large. BDC will attract a minimum of 10-12 participants in the first year and grow this to 100 participants within five years.

Don Ryan Center for Innovation: Incubator, Co-Working Space, Education & Networking for All Types of Companies

The Don Ryan Center for Innovation is a proven, four-year old business incubator charged with growing Bluffton’s and the surrounding regions economic base by helping innovative start-up or early stage companies. It is a 501(c)(3) non-profit corporation created in partnership with the Town of Bluffton. DRCI offers space, resources, hands-on consulting support, and can link innovators to business mentorships, technology evaluation, product development services, marketing services, intellectual property research, and seed financing. In mid-2017 the DRCI will be moving from its current donated location to a new facility twice the current size with many more capabilities. The location will still be at Buckwalter Place in Bluffton. In addition to the traditional space for incubated companies that are part of the formal incubation program, the DRCI will also house a co-working location that will be called “The HUB.” The HUB will be a place for clients who are solopreneurs, remote workers, freelancers, or people just searching for some off-site, inspiration. Twenty-eight companies have been through the formal DRCI incubator program to date. The regional impact from year one has seen jobs increase from eight to eighty-five, payroll increases from $880,000 to $4.9 million, and revenue increases from $2 million to $25 million.

AN ORDINANCE OF BEAUFORT COUNTY COUNCIL UPDATING THE BEAUFORT COUNTY SMOKING ORDINANCE

WHEREAS, numerous medical and scientific studies show substantial levels of exposure to secondhand smoke among the United States population; and

WHEREAS, the U.S. Surgeon General has concluded that smoking and exposure to secondhand smoke is harmful to the smoker and to people around the smoker; and

WHEREAS, prohibiting smoking in and around the workplace, public buildings and publicly supported facilities increases public awareness of the adverse health effects of smoking, reduces the social acceptability of smoking, reduces harm caused by smoking to nonsmokers and to children and reduces costs to the community of addressing the medical conditions caused by smoking; and

WHEREAS, in 1982 Beaufort County codified its Code of Ordinance including Section 38-91 through Sec. 38-98; and

WHEREAS, in 2006 Beaufort County Council passed Ordinance 2006-28 adding Article V establishing the regulation and requirements relating to smoking tobacco products in the County of Beaufort and those additions were codified as Beaufort Code Section 38-101 through 38-112; and

WHEREAS, the South Carolina General Assembly passed the “Clean Indoor Air Act” in 1990 and codified as S.C. Code Secs. 44-95-10 through 44-95-60 which preempts some of the local ordinances; and

WHEREAS, Council recognizes that for a variety of reasons citizens are frequently required to come to government offices in order to conduct business as well as to enjoy cultural activities, athletic events and artistic endeavors; and

WHEREAS, Council has determined that it is in the best interest of the residents of Beaufort County to designate County owned and operated properties, including outdoor property adjacent to the same which is under the control of the County as smoke-free in order to protect the public health, safety and general welfare of its citizens, residents, employees and visitors who enter these properties.

NOW THEREFORE, BE IT HEREBY ORDAINED that, in order, to protect and promote the public health, safety and general welfare of Beaufort County residents, Beaufort County Code Article IV, Division I Sec 38-91 through 38-98 and Article IV, Division II Sec. 38-101 through 38-112 are hereby amended and replaced with the following:

DIVISION 1. – IN COUNTY OWNED FACILITIES
Sec. 38-91. - Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

*County owned and operated facilities* means any building or facility, including outdoor property adjacent to and part of such a building or facility, which is used by any person(s), group of persons, agencies or organizations which are funded in whole by public funds from County Council or which is operated by or under the managerial control of the County.

*Public meeting* means any meeting open to the public under the South Carolina Freedom of Information Act.

*Smoking* means inhaling, exhaling, burning, lighting or carrying a lighted cigarette, e-cigarette, cigar, pipe, device or any other lighted inhalable product.

(Code 1982, § 8-57)

Cross reference— Definitions generally, § 1-2.

Sec. 38-92. - Prohibitions.

(a) Smoking shall be prohibited in and on all county owned or operated facilities.

(b) Smoking may be prohibited in private sector establishments at the option of owners/operators in unincorporated areas of the County; such establishments shall identify designated smoking areas as set forth in Section 38-94.

(Code 1982, § 8-58)

Sec. 38-93. - Posting of signs.

(a) Signs with the words "No Smoking" in letters not less than four inches high and citing in smaller letters enabling Ordinance No. 92-24 shall be conspicuously posted in each room and publicly supported place as defined in Section 38-91. These signs shall be visible to any occupant of the restricted area. Public areas not posted shall be deemed to be nonsmoking areas unless specifically posted as smoking areas.

(b) Posting of no smoking signs shall be the responsibility of the person directly in control of the affected facility.

(c) Signs may be posted by any private citizen in his place of business. Standard signs may be obtained from the County purchasing agent. Inclusion under this article of a private-sector establishment is entirely voluntary. The proprietor, owner, or individual responsible for such establishment may disregard enforcement of this article if he so desires in his own place of business.

(Code 1982, § 8-59)
Sec. 38-94. - Designated smoking areas.

(a) If smoking areas are designated, they shall be selected using existing physical barriers and ventilation systems to minimize the toxic effects of smoke in adjacent nonsmoking areas.

(b) Designated smoking areas, if any, shall not include the specific areas prohibited in Section 38-92.

Sec. 38-95. - Responsibility.

The County Administrator or his designated representative shall be responsible for informing each person directly in control of each publicly supported facility of this article.

(Code 1982, § 8-61)

Sec. 38-96. – Reserved.

Sec. 38-97. - Violation of signs.

No person shall smoke in any properly posted place, nor shall any person remove any “No Smoking” sign erected by or under the authority of this article.

(Code 1982, § 8-63)

Sec. 38-98. - Penalties.

(a) Any person who violates any section of this article may be cited and, if found guilty of an infraction, punished by a fine of not less than ten dollars ($10.00) nor more than twenty-five dollars ($25.00).

(b) Any person who owns, manages, operates, or otherwise controls a public place or place of employment and who fails to comply with the provisions of this article shall be guilty of an infraction, punishable by a fine of not less than ten ($10.00) nor more than twenty-five dollars ($25.00).

(c) In addition to the fines established by this section, repeated violations of this article by a person who owns, manages, operates, or otherwise controls a place of employment may result in the suspension or revocation of any occupancy permit or business license issued to the person for the premises on which the violation occurred.

(Code 1982, § 8-64)

Secs. 38-99, 38-100. - Reserved.
DIVISION 2. - IN THE WORKPLACE

Sec. 38 -101. - Intent.

Council finds that it is in the best interest of the people of the County to protect nonsmokers from involuntary exposure to secondhand smoke in the workplace. Therefore, Council declares that the purpose of this article is to preserve, protect and improve the public health, comfort, safety and environment of the people of the County by limiting exposure to tobacco smoke in the workplace.

(Ord. No. 2006/28, § 2, 12-11-2006)

Sec. 38-102. - Definitions.

(a) **Employee** means any person who performs services for an employer in return for wages, profit or other valuable consideration.
(b) **Employer** means any person, partnership, association, corporation, trust, school, college, university or other educational institution, nonprofit entity or other organization, including any public or private employer, any manager, supervisor, and all other persons charged with control, supervision, and operation of any workplace, work space, or work spaces as defined herein, that employs one or more persons.
(c) **Enclosed** means a space bounded by walls (with or without windows), and enclosed by doors, including but not limited to, offices, rooms, foyers, waiting areas and halls.
(d) **Secondhand smoke** is the complex mixture formed from the escaping smoke of a burning product (termed "sidestream smoke") and smoke exhaled by the smoker. Exposure to secondhand smoke is also frequently referred to as "passive smoking," "secondhand smoking" or "involuntary smoking".
(e) **Sheriff's office** means the Beaufort County Sheriff's Office.
(f) **Public building** means any enclosed area which is owned, operated or leased by the County as well as outdoor property adjacent to such buildings and facilities.
(g) **Retail tobacco store** means any establishment which is not required to possess a retail food permit whose primary purpose is to sell or offer for sale to consumers, but not for resale, tobacco products and paraphernalia, in which the sale of other products is merely incidental, and in which the entry of persons under the age of 18 is prohibited at all times.
(h) **Smoking** means the inhaling, exhaling, burning, lighting or carrying a lighted cigarette, e-cigarette, cigar, pipe, device or any other lighted inhalable product.
(i) **Smoking materials** includes cigars, cigarettes, e-cigarettes and all other manner of devices intended to be used for the purpose of inhaling, burning, carrying or exhaling lighted products.
(j) **Workplace** means any enclosed indoor area, structure, building or facility or any portion thereof at which one or more employee(s) perform services for their employer, including but not limited to: retail food stores; retail stores; restaurants; bars; cabarets, cafes; public or private clubs; pool halls and bowling alleys.
(k) **Work space or work spaces** means any enclosed area occupied by an employee during the course of his or her employment, including but not limited to: offices, customer service areas; common areas; hallways; waiting areas; restrooms; lounges and eating areas.

(l) **Person(s)** means a customer or other visitor on the premises regulated herein.

**Sec. 38-103. - Prohibition of smoking in the workplace.**

(a) The employer shall provide a smoke free environment for all employees working in all work space, work spaces and work places as those terms are defined herein. Further, the employer and all employees shall prohibit any persons present in said work space, work spaces and work places from smoking tobacco products therein.

(b) Smoking shall be prohibited in all work space, work spaces and work places in a workplace. This includes all common work areas, auditoriums, classrooms, conference and meeting rooms, private offices, hallways, medical facilities, cafeterias, employee lounges, staircases, restrooms and all other enclosed areas in the workplace.

(Ord. No. 2006/28, § 4, 12-11-2006)

**Sec. 38-104. - Smoking restricted by state law: S.C. Code § 44-95-10 et seq.**

It is unlawful for a person to smoke or possess lighted smoking material in any form in the following public indoor areas:

(a) Public schools and preschools where routine or regular kindergarten, elementary, or secondary educational classes are held including libraries;

(b) All other indoor facilities providing children's services to the extent that smoking is prohibited in the facility by federal law and all other child day care facilities, as defined in Section 20-7-2700, which are licensed pursuant to S.C. Code, § 20-7-13(11);

(c) Health care facilities as defined in S.C. Code § 44-7-130;

(d) Government buildings as defined in S.C. Code § 44-95-20(4), except to the extent regulation by the County is authorized therein;

(e) Elevators;

(f) Public transportation vehicles, except for taxicabs;

(g) Arenas and auditoriums of public theaters or public performing art centers.

**Sec. 38-105. - Exceptions.**

Notwithstanding the provisions of Section 38-103 herein, smoking may be permitted in the following places and/or circumstances:

(a) Private residences, except when used as a licensed child care, adult day care or healthcare facility;
(b) Hotel, motel, inn, bed and breakfast and lodging home rooms that are rented to guests, designated as "smoking rooms" (rooms) provided that the total percentage of such rooms does not exceed 25 percent in such establishment. A room so designated shall have signs posted indicating that smoking is allowed therein;

(c) Retail tobacco stores as defined herein;

(d) Religious ceremonies where smoking is part of the ritual.

(Ord. No. 2006/28, § 6, 12-11-2006)

Sec. 38-106. - Posting of signs.

The owner, manager or person in control of an establishment or area in which smoking is prohibited pursuant to this section shall post a conspicuous sign at the main entrance to the establishment or area. The sign shall contain the words "No Smoking" and the universal symbol for no smoking.

(Ord. No. 2006/28, § 7, 12-11-2006)

Sec. 38-107. - Reasonable distance.

Smoking is prohibited within a reasonable distance of 25 feet outside entrances, operable windows, and ventilation systems of enclosed areas where smoking is prohibited, so as to insure that tobacco smoke does not enter those areas.

(Ord. No. 2006/28, § 8, 12-11-2006)

Sec. 38-108. - Enforcement and penalties.

(a) A person who violates any section of this article may be cited and, if found guilty of an infraction, punished by a fine of not less than ten dollars ($10.00) nor more than twenty-five dollars ($25.00).

(b) A person who owns, manages, operates, or otherwise controls a public place or place of employment and who fails to comply with the provisions of this article shall be guilty of an infraction punishable by a fine of not less than ten ($10.00) nor more than twenty-five dollars ($25.00).

(c) In addition to the fines established by this section, repeated violations of this article by a person who owns, manages, operates, or otherwise controls a public place or place of employment may result in the suspension or revocation of any occupancy permit or business license issued to the person for the premises on which the violation occurred. (Ord. No. 2006/28, § 9, 12-11-2006; Ord. No. 2008/23, 6-23-2008)

Sec. 38-109. - Severability.

If any provision, clause, sentence or paragraph of this division, or the application thereof to any person or circumstances shall be held invalid, that invalidity shall not affect the other provisions
of the ordinance which can be given effect without the invalid provision or application, and to this end the provisions of this division are declared to be severable.

(Ord. No. 2006/28, § 10, 12-11-2006)

Sec. 38-110. - Nonretaliation.

No person or employer shall discharge, refuse to hire, refuse to serve or in any manner retaliate or take any adverse personnel action against any employee, applicant, customer or person because such employee, applicant, customer or person takes any action in furtherance of the enforcement of this section or exercises any right conferred by this section.

(Ord. No. 2006/28, § 11, 12-11-2006)

Sec. 38-111. - Conflict with other laws, ordinances or regulations.

Nothing in this section shall be deemed to amend or repeal any applicable fire, health or other law, ordinance or regulation so as to permit smoking in areas where it is prohibited by such applicable fire, health or other law, ordinance or regulation.

(Ord. No. 2006/28, § 12, 12-11-2006)

Secs. 38-113- 38-150. - Reserved.

RESOLUTION 2016 /  

A RESOLUTION REQUESTING THAT THE  
PRESIDENT OF THE UNITED STATES OF AMERICA GIVE FAVORABLE  
CONSIDERATION TO ESTABLISHING A  
NATIONAL MONUMENT IN BEAUFORT COUNTY, SOUTH CAROLINA  
TO REMEMBER THE RECONSTRUCTION ERA  

WHEREAS, Beaufort County is the home to many historical activities and sites that defined the Reconstruction Era including:

1. The November 7, 1861 Battle of Port Royal that freed 10,000 slaves.
2. The Port Royal Experiment was started in March 1862 by the Federal Government and Freedmen Associations in the Beaufort County Sea Islands to create a path to freedom and citizenship for former slaves.
3. Numerous Freedmen Communities, including Mitchelville on Hilton Head Island, Saxonville on St. Helena Island, Higginsonville in Beaufort and Sillimanville on Port Royal Island were established in Beaufort County, each containing schools and having a form of self-government.
4. The first Federal Black Regiment containing former slaves was organized in the county and mustered into service on January 1, 1863. Before the war ended six regiments of former slaves and one company of artillery was raised in the county and numerous freedmen joined the United States Navy and worked for the army’s quartermaster corps.
5. Harriet Tubman, Thomas W. Higginson, Edward Pierce, Frances Gage, Clara Barton and numerous other well-known abolitionists and reformers who came to the Beaufort County Sea Islands and were part of the Port Royal Experiment, which is recognized by historians as the beginning of the nation’s reconstruction program.
6. The site of the January 1, 1863 reading of the Emancipation Proclamation which freed the Sea Island slaves and began the end of slavery and the overall march to freedom.
7. The home of Robert Smalls, who escaped a life of enslavement by commandeering the Confederate Ship Planter to later become a member of the U.S. House of Representatives and author of state legislation providing for South Carolina its first free and compulsory public school system.
8. The site of numerous schools that served the Freedmen and their descendants including Penn and Mather Schools.
9. Over 100 sites related to reconstruction including the Brick Baptist Church, the Oaks, Frogmore and Coffin Point Plantations.
10. The Old Beaufort Firehouse, dating back to 1874, was part of the Beaufort City Government. Beaufort municipal government that remained integrated into the twentieth century long after the national demise of reconstruction, and

WHEREAS, an extensive study, commissioned by the National Park Service, recently concluded that Beaufort County is the most appropriate place to tell the Reconstruction Era story; and
WHEREAS, the National Park Service has yet to request a Presidential Designation of the most fitting historic site to tell the story of the Reconstruction Era; and

WHEREAS, Beaufort County, rich in Reconstruction history, offers the exciting possibility of telling the Reconstruction story by being designated the Reconstruction National Monument on two sites:

1. The January 1, 1863 reading of the Emancipation Proclamation.

2. The Penn Center and the Brick Church, to also tell the Gullah Geechee story.

WHEREAS, Beaufort County lies at the center of the Charleston to Hilton Head Island to Savannah coastal corridor that attracts about 20 million visitors annually, which forms a ready audience to hear and appreciate the Reconstruction story; and

WHEREAS, then U.S. Secretary of Interior Bruce Babbitt in 2000 recommended that Beaufort County be the national site for telling the Reconstruction Era story; and

WHEREAS, U.S. Congressman James Clyburn introduced legislation in 2016 in the U.S. Congress, co-sponsored by U.S. Congressman Mark Sanford, to establish Beaufort County as ideal site to tell the Reconstruction Era story.

NOW, THEREFORE, BE IT RESOLVED, that the County Council of Beaufort County hereby adopts a resolution requesting the President of the United States of America give favorable consideration to establishing a National Monument in Beaufort County to remember the Reconstruction Era.

Adopted this ____ day of ______, 2016.
