Bluffton, SC 29910

RE: Beaufort County Transportation Committee Review – FY 2024-2025

Dear Chairman Gordon:

The South Carolina Department of Transportation (SCDOT) review team has completed its review the Beaufort County Transportation Committee (CTC).

Reviews of self-administered County Transportation Committees are required pursuant to **Paragraph (P) of Section 12-28-2740 of the S. C. Code of Laws (1976)**. The reviews are conducted to ensure compliance with subsection C, D, F and I of the statute and include evaluating randomly selected projects and financial records. Please note that this should not be considered an audit; however, if discrepancies in the project documentation or questions regarding the management of “C” Funds arise, a formal audit may be requested.

The following projects were evaluated in accordance with the aforementioned law:

- **20250414 Year 6 Road Resurfacing**
- **20250430 Year 7 Road Resurfacing**
- **20250869 Yar 8 Rejuvenator**

It is with great pleasure that I inform you that no deficiencies were found. We appreciate your continued cooperation and the positive working relationship between SCDOT and the Beaufort County Transportation Committee. Should you have any questions or concerns regarding the “C” Program, please do not hesitate to contact me at 803-737-0038.

Sincerely,

Ivana Gearheart
C Program Manager
South Carolina Department of Transportation
