July 2015 Library Financials Narrative and Analysis

The Library's General Fund is on track with the fiscal year 2016 budget. Expenditures are currently at 8% of budget, which is at the expected 8% level of the first month of the fiscal year, while revenues are above budget at 12%.

There has not been much significant activity with the library's special revenue funds since most of these are tied to grants and have to be spent according to their restriction or purpose. The most important number is the fund balance amount for each of these funds.

Library impact fees are restricted to the area in which they are generated. The Bluffton Library Impact Fees has the largest fund balance due to the area's growth.
