Beaufort County Business License Renewals Due May 31

Businesses that operate in the unincorporated areas of Beaufort County must renew their County business license by May 31, 2015. Businesses paying after the due date are subject to a five percent (5%) delinquency penalty of the unpaid fee for each month or portion of the month past the due date.

Businesses operating in the unincorporated areas of the County without a valid business license are subject to additional penalties, as all businesses in these areas are required to have a County business license prior to operation.

The County mailed renewal forms to license holders in January. Any business not receiving a renewal form can obtain one online at www.bcgov.net from the homepage, or by calling the Beaufort County Business License Department at 843-255-2270.
