Treasurer announces interactive Delinquent Property Map

The Beaufort County Treasurer's Office is pleased to announce the availability of our first interactive delinquent property map. In partnership with the Beaufort County Geographical Information Systems (GIS) Department, the map identifies delinquent properties that will be sold at auction if not paid before 5:00 p.m. on Friday, October 2, 2015.

Included on the map are details such as the taxes due, owner name, acreage, value and subdivision in which the property is located. For the convenience of our taxpayers a hyperlink is also included so payment can be made quickly and easily online.

"This is just another way the Treasurer's Office is using technology to communicate with the public. Whether it is for a delinquent taxpayer or potential bidder, our interactive map is user-friendly and offers another outlet for data. We are appreciative of GIS' collaboration to better serve our citizens," said Maria Walls, CPA, Beaufort County Treasurer.

The delinquent property map as well as other data and information related to the delinquent tax sale is available on www.BeaufortCountyTreasurer.com.
