Additional applications are being processed. Communities approved after November 10 will be named in a later news release.

Currently, Ceres has removed more than 300,000 cubic yards of debris from public and private roads and rights-of-way throughout the County. At this time, the cleanup effort is expected to last four-six months.

In observance of the Thanksgiving holiday, debris removal operations will temporarily discontinue from Wednesday, November 23 through Friday, November 25, and will restart on Saturday, November 26.

To expedite recovery, officials encourage residents to follow [curbside debris removal guidelines](#) for the separation and removal of debris.

Residents are encouraged to visit the Beaufort County disaster recovery website at beaufortcountydasterrecovery.net.
