## Inspection Services Ongoing for Broad River Fishing Pier

The Beaufort County Engineering Department has contracted with O'Quinn Marine to perform inspection services on the [Broad River Fishing Pier](#). These services include visually inspecting the structure above and below the water. The inspection services are being performed annually to define the rate of deterioration, so that implementation of the preservation plan is done at the appropriate times. The above water inspection, which is complete, took place during the week of April 18<sup>th</sup>. The inspection below the water will take place from Monday, May 16, 2016 through Friday, May 20, 2016. The fishing pier will remain open during this work. For more information, please call the Engineering Department at 843-255-2700.
