## Beaufort County Treasurer Announces First Electronic Billing Program in the State - myBeaufortCounty

According to a news release from the [Beaufort County Treasurer's Office](#), [County Treasurer Maria Walls, CPA](#), announced the first electronic tax billing program in the State of South Carolina through an app launching next month - [myBeaufortCounty](#).

The service comes after passage of House Bill 3313 in the 2016 legislative session. E-billing is the first in a series to be offered through the app, created in partnership with [Paylt](#), an innovative partner in digital government and payment solutions. According to Treasurer Walls, this service will save the County thousands of dollars in postage alone.

E-billing is being offered for all property types, real and personal property as well as motor vehicles. Property owners who want to receive their 2017 annual real and personal property tax bills electronically should sign up by October 24 by creating a [myBeaufortCounty](#) account through the [Treasurer's website](#). Once enrolled, property owners will then receive their electronic tax bill once tax bills become available.

In addition to electronic billing, the [myBeaufortCounty](#) app will allow taxpayers the ability to make property tax payments, receive bill reminders, view their balance, and see account history on their computer or mobile device. For more information, visit [www.BeaufortCountyTreasurer.com](#) or call 843-255-2600.
