## Shell Point Neighborhood Meeting to be held Jan. 19

The Shell Point Neighborhood will hold a neighborhood meeting for a discussion between area residents with Beaufort County Councilmember Alice Howard, Beaufort County Stormwater Manager Eric Larson, and Lowcountry Montessori School staff.

The meeting will be held at 6:30 p.m. Thursday, Jan. 19, at Lowcountry Montessori School on Broad River Drive.

The agenda includes a neighborhood watch discussion that had been originally scheduled for October 2016, but was canceled due to Hurricane Matthew.

Howard will be in attendance to receive input from residents in preparation for the annual County Council retreat in February 2017.

Larson will be available to answer questions about the County's stormwater management program.

Lowcountry Montessori School staff will be available to take questions about the school for neighboring residents.

Residents do not need to register in advance for the meeting. For more information, contact Councilmember Alice Howard at [ahoward@bcgov.net](mailto:ahoward@bcgov.net) or 843-255-2202.
