

COASTAL FUTURE FORUM

Do you live in Beaufort County? Do you have opinions on the following issues in coastal South Carolina?

- Environmental Health - *pollution, disease, and the environment*
- Weather and Climate Resilience - *flooding and storms related to environmental health*

If so, please apply to join our small-group session this spring! We want to hear what you think. Join us as we learn about important coastal issues from scientists and discuss the issues with other participants. The results will be shared with local and state decision-makers as they guide the future of our coastal region.

When: Thursday, May 17 from 5-8 pm

Where: Beaufort County Clemson Extension Office
18 John Galt Road, Beaufort, SC

To apply, email OCFF@scseagrant.org or call 843-953-2081.
Applications accepted through May 4. Space is limited.
Late applicants may be considered.

Stipends provided for participation.
