Marsh Road Closing Project Update

Due to unfavorable tide conditions predicted for this week, repair work on Marsh Road will pause. The County expects work to resume Saturday, September 15, pending weather conditions. An update will be provided later this week.

As a matter of public safety, Beaufort County Public Works crews need to repair and improve the stormwater drainage system that runs under the Beaufort County Government Robert Smalls Complex parking lot and Marsh Road. The road will be closed to motorists and pedestrians weekdays from its intersection with Boundary Street to where the road forks at the County Administration Building parking lot. Motorists should use Duke Street (at Ribaut Road) as a detour route. The project is expected to last until early to mid-October.
