

Beaufort County, South Carolina
General Announcement

June 5, 2018

**Beaufort County Housing Needs
Assessment Report Now Available**

The Beaufort County Housing Needs Assessment [Report](#) and associated [presentation](#) to Beaufort County Council are now available to the public on the County website [here](#) along with historical report information.

Conducted by Bowen National Research, the extensive and comprehensive report is a result of detailed surveys, interviews and feedback from the public, businesses, chambers of commerce, elected officials from across the County, and other stakeholders.

The report gives an in-depth look at the changing housing needs throughout the County and incorporates factors such as household income, anticipated population growth, the availability of rental units and market pricing across economic levels.
