- Page 43 Caroline Fermin: E.6. Support . . . programs such as TWEAC . . . consider USCB & military base transition programs
- Action Playbook Ed Pappas: This is very important, but it needs a lot of work.
- Pages 72 and 129 maps Ed Pappas: very busy; need to improve upon readability
- Page 33 map Kevin Hennelly: do a better job describing purpose and differentiation of areas; need more planning focus on Rt. 170 corridor

- Page 45 Cecily McMillan: Are there any brownfields in Beaufort County? consider Federal mitigation ramifications
- Page 60 Caroline Fermin: Have the Affordable Housing Task Force recommendations been incorporated into the Plan? need more realistic suggestions; consider using workforce or attainable housing verbiage; need to address density issues
- Beaufort County Atlas Ed Pappas: Facilities and Services - “social vulnerability index” consider alternative verbiage within document – maybe “opportunity”
- Page 62 Kevin Hennelly: Should we differentiate between the different types of affordable housing? Robert Merchant stated there is a continuum of housing needs, starting with homelessness. need for positive language – maybe “attainable housing”
- Cecily McMillan: need to review the tone of the entire document
- Ed Pappas: Need more emphasis on water access and marine transport possibilities (i.e. ferries, water taxis, kayak launches) Robert Merchant stated there is language in the current Plan which can be captured.
- Cecily McMillan: I would like to see traffic and environmental issues more fully addressed within the document, two of our most problematic issues. Ed Pappas stated that the Greenprint Plan addressed these issues.
- Ed Pappas: We need to communicate a stronger correlation between the Comprehensive Plan and Greenprint Plan
- Ed Pappas: Staff needs to check the Atlas language and ensure it is consistent with the information on Page 24. (recently updated FEMA flood map)

A third Planning Commission Comp Plan Workshop will be scheduled during the month of May 2021.

Once all recommendations have been shared with the consultant, Design Workshop, and incorporated into the draft document, the revised Comprehensive Plan will be presented for a second time at the June 7, 2021, Planning Commission meeting.

NEW/OTHER BUSINESS:

New Business: Chairman Ed Pappas reminded all Commission members of the online National Planning Conference scheduled for May 5 – 7, 2021.

MEMORANDUM

TO: Beaufort County Planning Commission
FROM: Noah Krepps, Beaufort County Planning and Zoning Department
DATE: April 26, 2021
SUBJECT: Zoning Map Amendment/Rezoning Request for 5.23 acres (R100 027 000 042B 0000) at 335 Joe Frazier Rd from T2 Rural to T2 Rural Center

STAFF REPORT:

A. BACKGROUND:

Case No. ZMA-2021-02
Owner/Applicant: Frank O. Plair and Billy J. Plair
Property Location: Located at 335 Joe Frazier Rd
District/Map/Parcel: R100 027 000 042B 0000
Property Size: 5.23 acres
Current Future Land Use Designation: Neighborhood Mixed-Use
Current Zoning District: T2 Rural
Proposed Zoning District: T2 Rural Center

B. SUMMARY OF REQUEST: The applicant seeks to change the zoning of a 5.23-acre lot at 335 Joe Frazier Rd from T2 Rural (T2R) to T2 Rural Center (T2RC) (see attached map). A moving, storage, and trucking company has operated on the property since 1994. The property was zoned Traditional Overlay under the Zoning and Development Standards Ordinance (ZDSO). The applicant believes the property should have been designated T2RC or S1 Industrial (S1) with the adoption of the Community Development Code, as the Warehousing use predates the 1999 and 2014 zoning ordinances and is a non-conforming use under the current T2R zoning.

The T2RC district allows a diverse mix of land uses including residential, retail, service, and limited light industrial. It is a lower intensity walkable area in the immediate vicinity of a rural crossroads or other important rural intersection.

E. COMPREHENSIVE PLAN FUTURE LAND USE MAP: This 5.23-acre lot is designated Neighborhood Mixed-Use on the Future Land Use Map. Future development in neighborhood mixed-

use areas should be primarily residential with some supporting neighborhood retail establishments. A very small percentage of the designated area should consist of commercial development.

F. ZONING MAP AMENDMENT REVIEW STANDARDS: In determining whether to adopt or deny a proposed Zone Map Amendment, the County Council shall weigh the relevance of and consider whether and the extent to which the proposed amendment:

1. **Is consistent with and furthers the goals, and policies of the Comprehensive Plan and the purposes of this Development Code;**

The Land Use chapter of the Comprehensive Plan indicates that Neighborhood Mixed-Use areas should be primarily residential with some supporting neighborhood retail and service establishments. However, the potential for intense uses on the property, such as vehicle repairs, does not maintain the residential character of this land use designation.

2. **Is not in conflict with any provision of this Development Code, or the Code of Ordinances;**

The proposed rezoning constitutes a “spot zoning,” as it is not adjacent to any other T2 Rural Center parcels.

3. **Addresses a demonstrated community need;**

See 1 above.

4. **Is required by changed conditions;**

N/A.

5. **Is compatible with existing and proposed uses surrounding the land subject to the application, and is the appropriate zone and uses for the land;**

Existing uses on the surrounding land are primarily residential. The proposed zoning change would allow for a broader mix of intense commercial, service, and light industrial uses.

6. **Would not adversely affect nearby lands;**

As stated in 5, there is potential for adverse impacts on the existing residential developments in the adjacent area.

7. **Would result in a logical and orderly development pattern;**

See 5 and 6 above.

8. **Would not result in adverse impacts on the natural environment – including, but not limited to, water, air, noise, stormwater management, wildlife, vegetation, wetlands, and the natural functioning of the environment:**

Any development on the site would be required to adhere to the natural resource protection, tree protection, wetland protection, and stormwater standards in the Community Development Code and the Stormwater BMP Manual.

9. **Would result in development that is adequately served by public facilities (e.g. streets, potable water, sewerage, stormwater management, solid waste collection and disposal, schools, parks, police, and fire and emergency medical facilities):**

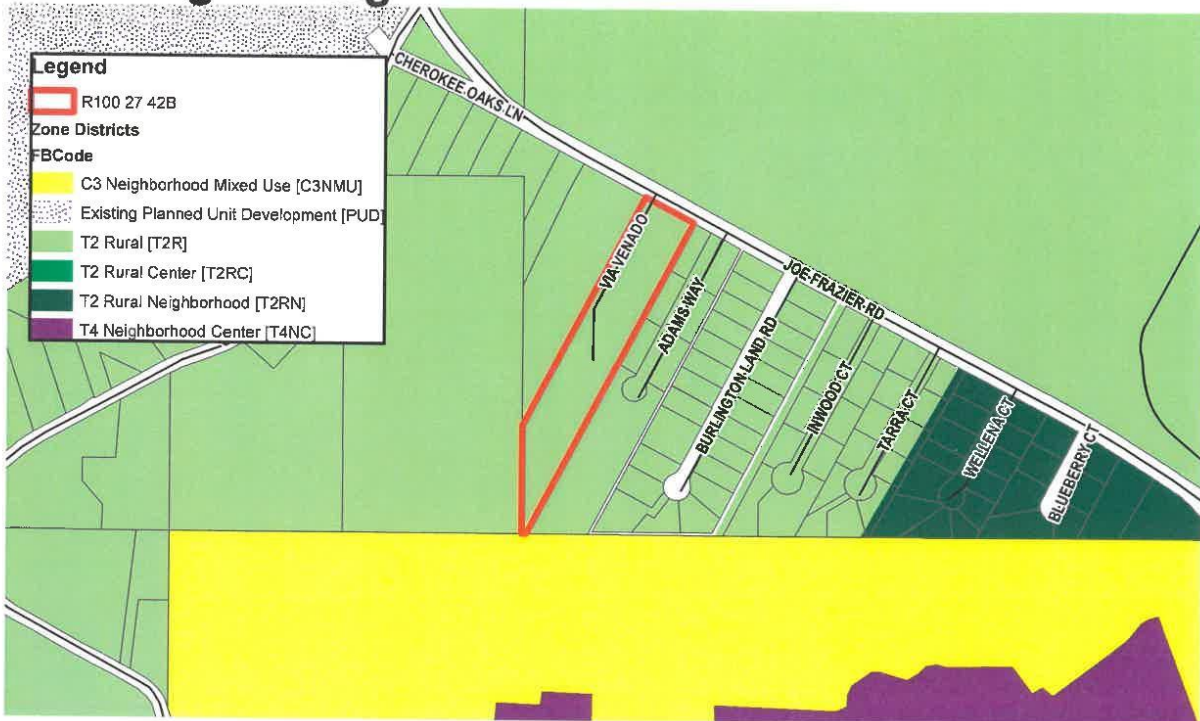

The site is connected to public water.

G. STAFF RECOMMENDATION: The proposed zoning change from T2R to T2RC constitutes a “spot zoning” and cannot be supported by Planning staff. Staff also has concerns about noise, odor, and aesthetic impacts on the surrounding residential area if more intense uses (such as major vehicle maintenance and repair) are permitted on the property under the T2RC zoning district.
