Answered: 3 Skipped: 6

#	Responses	Date
1	A traffic light that serves both Windmill and RV at Jenkins with new exit from Windmill.	8/12/2015 3:28 PM
2	New Windmill exit across from Jenkins Rd at a traffic light	8/12/2015 2:37 PM
3	Happy with access in either direction	8/6/2015 2:07 PM

### Q15 Please provide any additional comments.

Answered: 4 Skipped: 5

#	Responses	Date
1	The speed in both directions on 278 is always above a safe entry or crossover by any vehicle especially RVs. We need a traffic light before someone is badly injured. Windmill would benefit from a traffic light at Jenkins Rd. Also.	8/12/2015 3:41 PM
2	We witness very close calls as Jenkins Rd vehicles make either left or right turns out and left into. Larger vehicles cannot move quickly from a stop. 278 speed is usually much faster than limits. Will it take fatalities to get a traffic light.	8/12/2015 2:46 PM
3	Big rigs towing a car or trailer will be a problem trying to access Blue Herin. Turn radiuses to accompdte 80 foot combined units is a must. How about bridge clearance? Solution: service road to existing entrance to proposed park. Put light there for Windmill and HHH.	8/6/2015 7:41 PM
4	If you do the Blue Heron exit for east bound access to HHRV you need a deceleration lane to accommodate a 55 foot rig coming off the bridge at the legal speed on the bridge	8/2/2015 8:52 AM
